Mckitrick (Ed), 1963 **Slavery Defended** Joseph Becker, 1963 **Slavery & the Law** Paul Finkelman, 2002 In this book prominent historians of slavery and legal scholars analyze the intricate relationship between slavery race and the law from the earliest Black Codes in colonial America to the passage of the Fugitive Slave Law and the Dred Scott decision prior to the Civil War Slavery the Law s wide ranging essays focus on comparative slave law auctioneering practices rules of evidence and property rights as well as issues of criminality punishment and constitutional law *The Cultural One or the Racial Many* Evandro Camara, 2019-05-23 First published in 1997 this study aims first to enlarge upon the understanding of race and ethnicity through a culturalist comparative frame of analysis instead of the standard quantitative and political economy approaches Secondly to analyse in systematic form the religious constitution of sociocultural life Ethnic and race relations are examined in reference to the cultural system of the society which is conceived in terms of three interrelated aspects of the assimilative process cultural assimilation concerning dominant minority cultural relations psychosocial assimilation concerning the question of identity and biological assimilation concerning intermarriage The U S and Brazilian cultural systems are contrasted as ideal types of cultural separatism and cultural integration respectively Against current thinking it is argued that the former type

crystallizes interethnic conflict and inequality while the latter is a prerequisite for the full social inclusion of society's members. Finally, the dominant religion and religious culture of each society are addressed as the critical structuring force of social and intergroup relations.

Lowcountry Agricultural and Convivial Societies Christopher C. Boyle, 2022-04-06

By the Antebellum period, rice had dominated the local economic, political, and social patterns of South Carolina's Lowcountry for nearly two hundred years. This book explores the purpose of the social organizations as well as the moral, economic, cultural, and political challenges of the Georgetown rice planters. Within the protected confines of their organizations, planters felt safe discussing local and national politics, advancements to their educational system, and agricultural and livestock improvements to better compete with the Industrial North. The alliance of brothers of the soil helped solidify South Carolina's Lowcountry politically. The agricultural alliances of the region promoted Southern Nationalism and provided one pillar for Southerners to the American Civil War.

The Roots of Southern Populism : Yeoman Farmers and the Transformation of the Georgia Upcountry, 1850-1890 San Diego Steven Hahn, Associate Professor of History, University of California, 1983-08-25

In this examination of the rise of agrarian radicalism in the late 19th century South, Hahn focuses on social change and popular consciousness while exploring populism's kinship with other movements such as labour radicalism.
