Slavery In The New World A Reader In Comparative History:

Slavery in the New World Laura Foner, Eugene D. Genovese, 1969 **American Slavery, Atlantic Slavery, and Beyond** Enrico Dal Lago, 2015-12-22 American Slavery Atlantic Slavery and Beyond provides an up to date summary of past and present views of American slavery in international perspective and suggests new directions for current and future comparative scholarship It argues that we can better understand the nature and meaning of American slavery and antislavery if we place them clearly within a Euro American context Current scholarship on American slavery acknowledges the importance of the continental and Atlantic dimensions of the historical phenomenon comparing it often with slavery in the Caribbean and Latin America However since the 1980s a handful of studies has looked further and has compared American slavery with European forms of unfree and nominally free labor Building on this innovative scholarship this book treats the U S peculiar institution as part of both an Atlantic and a wider Euro American world It shows how the Euro American context is no less crucial than the Atlantic one in understanding colonial slavery and the American Revolution in an age of global enlightenment reformism and revolutionary upheavals the Cotton Kingdom s heyday in a world of systems of unfree labor and the making of radical Abolitionism and the occurrence of the American Civil War at a time when nationalist ideologies and nation building movements were widespread Colonial Slavery Jacob Gorender, 2022-02-28 Jacob Gorender s 1923 2013 1978 book Colonial Slavery O Escravismo Colonial comes alive for English language readers thanks to Bernd Reiter and Alejandro Reyes s brilliant translation Gorender argued that slave holding societies produced an economic system sui generis not fitting into any of the established societal categories offered by Karl Marx and Max Weber As such Gorender proposed a theory of colonial slavery as the structuring force of slave holding societies For him slave holding societies are different from other societies in that slavery structured them differently This is of the utmost relevance to this day as it allows for a new and different way to explain contemporary racial inequalities in post slavery societies An accomplished interpreter of Brazilian social formation Gorender was motivated by the need to understand the historical roots of class domination and the emergence of Brazilian capitalist society His presentation of rich historical data rigorous theoretical and analytical framework and militant action as an active member of the Brazilian Communist Party are the hallmarks of his writing Colonial Slavery An Abridged Translation is a must read for researchers teachers and students of history sociology economics politics as well as activists of the Black movement and other movements committed to anti racism

Transformations in Slavery Paul E. Lovejoy, 2000-08-28 This history of African slavery from the fifteenth to the early twentieth century examines how indigenous African slavery developed within an international context Professor Lovejoy discusses the medieval Islamic slave trade and the Atlantic trade as well as the enslavement process and the marketing of slaves He considers the impact of European abolition and assesses slavery s role in African history The book corrects the accepted interpretation that African slavery was mild and resulted in the slaves assimilation The new edition incorporates

recent research revised statistics on the slave trade demography and an updated bibliography **Slavery** Leonie Archer, 2013-07-04 First published in 1988 Routledge is an imprint of Taylor Francis an informa company *Cultures of Darkness* Bryan D.
