Slavery The Civil War And The Reintegration Of American History:

The Reintegration of American History William W. Freehling, 1994 A collection of essays on slavery in the Old South including Denmark Vesey *The Debate On the American Civil War Era* Hugh Tulloch, 1999 This study is the first to critically survey the changing and highly controversial historical literature surrounding the American Civil War era from contemporary interpretations up to the present The racial question was one of the central causes of the war there was recognition of the need for America to conform wholly to the Declaration of Independence that all men are created equal The book both analyzes historians attitudes and assumptions and suggests that each writer s perspective was partly determined by the dictates of time and place **The Routledge Companion to the American Civil War Era** Hugh Tulloch, 2006-12-05 Arguably one of the most significant periods in US history the American Civil War era continues to fascinate In this essential reference guide to the period Hugh Tulloch examines the war itself alongside the political constitutional social economic literary and religious developments and trends that informed and were formed by the turbulent events that took place during America s nineteenth century Key themes examined here are emancipation and the quest for racial justice abolitionism and debates regarding freedom versus slavery the confederacy and reconstruction civil war military strategy industry and agriculture Presidential elections and party politics cultural and intellectual developments Including a compendium of information through timelines chronologies bibliographies and guides to sources as well students of American history and the civil war will want a copy of this by their side *Slavery and Public History* James Oliver Horton, Lois E. Horton, 2014-03-25 A fascinating collection of essays by eminent historians exploring how we teach remember and confront the history and legacy of American slavery Booklist Online In recent years the culture wars have called into question the way America s history of slavery is depicted in books films television programs historical sites and museums In the first attempt to examine the historiography of slavery this unique collection of essays looks at recent controversies that have played out in the public arena with contributions by such noted historians as Ira Berlin David W Blight and Gary B Nash From the cancellation of the Library of Congress s Back of the Big House slavery exhibit at the request of the institution s African American employees who found the visual images of slavery too distressing to the public reaction to DNA findings confirming Thomas Jefferson s relationship with his slave Sally Hemings *Slavery and Public History* takes on contemporary reactions to the fundamental contradiction of American history the existence of slavery in a country dedicated to freedom and offers a bracing analysis of how Americans choose to remember the past and how those choices influence our politics and culture Americans seem perpetually surprised by slavery its extent North as well as South its span over half of our four centuries of Anglo settlement and its continuing influence The wide ranging yet connected essays in this book will help us all to remember and understand James W Loewen author of *Sundown Towns* *Slavery and the American West* Michael A. Morrison, 1999-08-01 Tracing the sectionalization of American politics in the 1840s and 1850s Michael Morrison offers a

comprehensive study of how slavery and territorial expansion intersected as causes of the Civil War Specifically he argues that the common heritage of the *A House Divided* Mason I. Lowance Jr.,2018-06-05 This anthology brings together under one cover the most important abolitionist and unique to this volume proslavery documents written in the United States between the American Revolution and the Civil War It makes accessible to students scholars and general readers the breadth of the slavery debate Including many previously inaccessible documents *A House Divided* is a critical and welcome contribution to a literature that includes only a few volumes of antislavery writings and no volumes of proslavery documents in print Mason Lowance's introduction is an excellent overview of the antebellum slavery debate and its key issues and participants Lowance also introduces each selection locating it historically culturally and thematically as well as linking it to other writings The documents represent the full scope of the varied debates over slavery They include examples of race theory Bible based arguments for and against slavery constitutional analyses writings by former slaves and women's rights activists economic defenses and critiques of slavery and writings on slavery by such major writers as William Lloyd Garrison John Greenleaf Whittier Walt Whitman Henry David Thoreau and Ralph Waldo Emerson Together they give readers a real sense of the complexity and heat of the vexed conversation that increasingly dominated American discourse as the country moved from early nationhood into its greatest trial *Slavemaster President* William Dusinger,2007-10-01 James Polk was President of the United States from 1845 to 1849 a time when slavery began to dominate American politics Polk's presidency coincided with the eruption of the territorial slavery issue which within a few years would lead to the catastrophe of the Civil War Polk himself owned substantial cotton plantations in Tennessee and later in Mississippi and some 50 slaves Unlike many antebellum planters who portrayed their involvement with slavery as a historical burden bestowed onto them by their ancestors Polk entered the slave business of his own volition for reasons principally of financial self interest Drawing on previously unexplored records *Slavemaster President* recreates the world of Polk's plantation and the personal histories of his slaves in what is arguably the most careful and vivid account to date of how slavery functioned on a single cotton plantation Life at the Polk estate was brutal and often short Fewer than one in two slave children lived to the age of fifteen a child mortality rate even higher than that on the average plantation A steady stream of slaves temporarily fled the plantation throughout Polk's tenure as absentee slavemaster Yet Polk was in some respects an enlightened owner instituting an unusual incentive plan for his slaves and granting extensive privileges to his most favored slave Startlingly Dusinger shows how Polk sought to hide from public knowledge the fact that while he was president he was secretly buying as many slaves as his plantation revenues permitted Shortly before his sudden death from cholera the president quietly drafted a new will in which he expressed the hope that his slaves might be freed but only after he and his wife were both dead The very next day he authorized the purchase in strictest secrecy of six more very young slaves By contrast with Senator John C Calhoun President Polk has been seen as a moderate Southern Democratic leader But Dusinger suggests that the president's political stance

toward slavery influenced as it was by his deep personal involvement in the plantation system may actually have helped precipitate the Civil War that Polk sought to avoid

Arguing until Doomsday Michael E. Woods, 2020-02-19 As the sectional crisis gripped the United States the rancor increasingly spread to the halls of Congress Preston Brooks's frenzied assault on Charles Sumner was perhaps the most notorious evidence of the dangerous divide between proslavery Democrats and the new antislavery Republican Party But as disunion loomed rifts within the majority Democratic Party were every bit as consequential And nowhere was the fracture more apparent than in the raging debates between Illinois's Stephen Douglas and Mississippi's Jefferson Davis As leaders of the Democrats northern and southern factions before the Civil War their passionate conflict of words and ideas has been overshadowed by their opposition to Abraham Lincoln But here weaving together biography and political history Michael E Woods restores Davis and Douglas's fatefully entwined lives and careers to the center of the Civil War era Operating on personal partisan and national levels Woods traces the deep roots of Democrats internal strife with fault lines drawn around fundamental questions of property rights and majority rule Neither belief in white supremacy nor expansionist zeal could reconcile Douglas and Davis's factions as their constituents formed their own lines in the proverbial soil of westward expansion The first major reinterpretation of the Democratic Party's internal schism in more than a generation *Arguing until Doomsday* shows how two leading antebellum politicians ultimately shattered their party and hastened the coming of the Civil War

A Patriot's History of the United States Larry Schweikart, Michael Allen, 2014-11-25 Revised and updated this 15th anniversary edition of the 1 New York Times bestseller salutes America's true and proud history Fifteen years ago Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught and they succeeded *A Patriot's History of the United States* is the definitive objective history of our country presented honestly and fairly Schweikart and Allen don't ignore America's mistakes through the years Instead they put them back in the proper perspective celebrating the strengths of the men and women who cleared the wilderness abolished slavery and rid the world of fascism and communism Now in this revised fifteenth anniversary edition a new generation of readers will learn the truth about America's discovery founding and advancement from Columbus's voyage to Trump's promise to Make America Great Again

Lincoln and Race Richard Striner, 2012-04-11 Named on the 2013 list of University Press Books for Public and Secondary Schools Abraham Lincoln is known as the Great Emancipator yet his personal views on race have long been debated Since his death his legend has been shadowed by the mystery of his true stance toward non whites While Lincoln took many actions to fight slavery throughout his political career his famously crafted speeches can be interpreted in different ways at times his words suggest personal bigotry but at other times he sounds like an enemy of racists In *Lincoln and Race* Richard Striner takes on one of the most sensitive subjects of Abraham Lincoln's legacy exploring in depth Lincoln's mixed record and writings on the issue of race Striner gives fair hearing to two prevailing theories about Lincoln's seemingly contradictory words and actions Did Lincoln

fight a long term struggle to overcome his personal racism Or were his racist comments a calculated act of political deception Beginning with an exploration of the historical context of Lincoln s attitudes toward race in the years before his presidency Striner details the ambiguity surrounding the politician s participation in the Free Soil Movement and his fight to keep slavery from expanding into the West He explores Lincoln s espousal of colonization the controversial idea that freed slaves should be resettled in a foreign land as a voluntary measure for black people who found the prospect attractive The author analyzes some of Lincoln s most racially charged speeches and details Lincoln s presidential words and policies on race and the hotbed issue of voting rights for African Americans during the last years of the president s life A brief but comprehensive look into one of the most contentious quandaries about Abraham Lincoln Lincoln and Race invites readers to delve into the mind heart and motives of one of America s most fascinating and complex leaders University Press Books for Public and Secondary Schools 2013 edition

Slavery The Civil War And The Reintegration Of American History Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become much more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is truly remarkable.
