Slavianskaia Ideia Istoriia I Sovremennost

Michel Małowski

Slavianskaia Ideia Istoriia I Sovremennost:

Women Archaeologists under Communism, 1917-1989 Florin Curta, Iurie Stamati, 2021-11-27 This book explores the uncharted territory of the history of archaeology under Communism through the biographies of five women archaeologists from the Soviet Union Bulgaria Romania Hungary and Poland They were working in medieval archaeology with a specific focus on the early Slavs The choice of specialists in medieval archaeology has much to do with the fact that in the five East European countries considered in this book medieval archaeology began to develop into a serious discipline less than a century ago The main catalyst for the sudden rise of medieval archaeology was a dramatic shift in emphasis from traditional political and constitutional to social and economic history In five countries the rise of medieval archaeology thus coincides in time and was ultimately caused by the imposition of Communist regimes The five women were therefore true pioneers in their field and respective countries

The Slavic Dossier Iurie Stamati, 2018-12-24 In *The Slavic Dossier* Iurie Stamati's objective is to understand the reasons for the emergence of two different discourses on the place of the Slavs on the territory of Moldova and their role in the genesis of Moldovans and their culture during the medieval period in the Soviet archaeology His analysis goes beyond the utilitarian perception of Soviet archaeology To achieve this Stamati not only questions the political contexts in which these discourses emerged but also looks at the history of the Moldovan archaeological field personal profiles of archaeologists their theoretical and ideological attachment relationships and interactions with each other inside and outside the archaeological field

A New Generation of Czech East European Studies Lukáš Babka, Petr Roubal, 2007

Mythes et symboles politiques en Europe centrale Michel Masłowski, 2002 Analyse la puissance politique des symboles identitaires de l'Europe centrale Rempart de l'Occident contre les Tartares et les Turcs cette autre Europe a disparu de la scène politique pour réapparaître au XXe siècle et contribuer par sa résistance culturelle à l'écroulement du bloc communiste Ce guide anthropologique témoigne de l'originalité d'une expérience historique riche en enseignements
