Small Change Andrea H. Beller, John W. Graham, 1996-02-21 An analysis of child support payments during the 1980s which assesses what went right and what went wrong with them The authors investigate the socioeconomic and legal factors that determined child support awards and receipts and offer policy recommendations for the future *The Law and Economics of Child Support Payments* William S. Comanor, 2004-01-01 This urgently needed groundbreaking book provides solid data that coincides with the real life stories I have been hearing for years from men and women nationwide regarding unfair child support laws and policies that have resulted in adverse effects on their children and families I anticipate that this book will have a major positive impact on social policy and the general collective attitudes toward families in today's society The information presented in this book must be read and understood by every policymaker to insure that child support policies are made just and fair so that all families can prosper Dianna Thompson National Family Justice Association US The delinquent payment of child support by non custodial to custodial parents is a major problem throughout the United States To many observers the problem is one of deadbeat dads men who simply will not make the required payments The solution has been to enforce payment by the imposition of increasingly stringent civil and criminal penalties Despite these efforts the percentage of single mothers receiving child support has changed very little over the past twenty five years The Law and Economics of Child Support Payments investigates why this is and approaches the payment of child support as an economic problem *Shortchanged* Mariko Lin Chang, 2012-02-16 The first book to focus on the differences in wealth between women and men Mariko Lin Chang draws on the most comprehensive national data on wealth and on in depth interviews to show how differences in earnings in saving and investing and most important the demands of care giving all contribute to the gender wealth gap A comprehensive portrait of where women and men stand with respect to wealth Shortchanged not only sheds light on why women lack wealth but also offers solutions for improving the financial situation of women men and families **Child Support and Child Well-being** Irwin Garfinkel, 1994 **Child Support and the Educational Attainment of Young Adults** Pedro M. Thomas Oldham, Marygold Shire Melli, 2000 Explores the issues in reform of child support laws *Criminal Penalty for Flight to Avoid Payment of Arrearages in Child Support* United

States. Congress. House. Committee on the Judiciary. Subcommittee on Crime and Criminal Justice, 1992 Killing the Black Body Dorothy Roberts, 2014-02-19 Killing the Black Body remains a rallying cry for education awareness and action on extending reproductive justice to all women It is as crucial as ever even two decades after its original publication A must read for all those who claim to care about racial and gender justice in America Michelle Alexander author of The New Jim Crow In 1997 this groundbreaking book made a powerful entrance into the national conversation on race In a media landscape dominated by racially biased images of welfare queens and crack babies Killing the Black Body exposed America's systemic abuse of Black women's bodies From slave masters economic stake in bonded women's fertility to government programs that coerced thousands of poor Black women into being sterilized as late as the 1970s these abuses pointed to the degradation of Black motherhood and the exclusion of Black women's reproductive needs in mainstream feminist and civil rights agendas Compelling Deftly shows how distorted and racist constructions of black motherhood have affected politics law and policy in the United States Ms Redefining Family Policy Joyce M.
