Small Islands Big Politics:

Small Islands, Big Issues, 1994 *Small Islands, Big Politics* Hooshang Amirahmadi, 1996 *Small Islands Big Politics* examines a territorial dispute between Iran and the United Arab Emirates over the ownership and control of the Tonbs three small islands in the Persian Gulf overlooking the strategic Strait of Hormuz Since 1971 the year British colonialism withdrew from the region Iran has regained full sovereignty over the Tonbs and has accommodated the UAE in the administration of Abu Musa *Small Islands Big Politics* provides a close reading of the legal and relevant territorial historical dimensions of the dispute and dissects the intricacies of international law and its application to other territorial disputes in the region *Small Islands Big Politics* is the first book length analysis of the issue in the English language and will be indispensable reading for anyone interested in Middle East Persian Gulf politics history and international studies The book also includes a comprehensive bibliography and key documents relating to the issues BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Islands and International Politics in the Persian Gulf* Kourosh Ahmadi, 2008-05-03 The position of the Persian Gulf as the main highway between East and West has long given this region special significance both within the Middle East and in global affairs more generally This book examines the history of international relations in the Gulf since the 1820s as great powers such as Britain and the US and regional powers such as Iran and Iraq vied for supremacy over this geopolitically vital region It focuses on the struggle for control over the islands of the Gulf in particular the three islands of Abu Musa Greater Tunb and Lesser Tunb an issue that remains highly contentious today It describes how for 170 years Britain eroded Iranian influence in the Gulf both directly by asserting colonial rule over Iranian islands and port districts and also through claiming Iranian islands for their prot g s on the Arab littoral It shows how after Britain s withdrawal these islands became a pawn in the animosity and conflict that pitted at one time Arab radicals and nationalists against monarchical Iran and later the conservative moderate Arab camp against Islamic Iran It goes on to explore the impact of the rise of American power in the Gulf since the start of the 1990s its policy of containment of Iran and Iraq and how this has provided encouragement to the ambitions of the Persian Gulf Arab littoral states especially the UAE towards the islands of the Gulf *The Great Powers, and Iran's Social and Political Evolution* Shireen T. Hunter, 2024-12-23 This book is a personal narrative chronicling the life and experiences of Shireen Hunter an Iranian woman who came of age during a transformative era in Iran s history It begins by spanning the tumultuous aftermath of World War II to the pivotal 1979 revolution providing a poignant account of the profound impact of these historical events on the author s life The book delves into the multifaceted consequences of the reformist period that began in the 1960s They enabled Shireen to enter the diplomatic service but also cast a shadow of adversity over her family Ultimately the reforms contributed to internal divisions that ignited the 1979 revolution The book then explores Shireen s immigrant experience in the USA where she assumed the role of an ethnic expert in the volatile arena of Middle East politics It candidly recounts challenges she faced in maintaining

intellectual integrity while earning a livelihood highlighting the precariousness of being on the right side of controversial issues The book does not offer definitive solutions to specific problems Yet it resonates with contemporary international security and developmental challenges and offers insights that remain relevant in today s complex global landscape With its multifaceted narrative encompassing Iran s social and political history women s studies immigrant experiences and a personal perspective on critical junctures in U S Iranian relations this book appeals to a diverse readership It provides a unique window into lived experiences and analytical reflections of an individual who has traversed the intersections of history identity and diplomacy offering invaluable insights into both past and present

Statecraft in the Middle East Imad Mansour, 2016-09-27 What role do ideas play in state building and state activity This book argues that government policies in both foreign relations and domestic politics must always be situated within a broader ideational and societal context Imad Mansour analyses how governments in the contemporary Middle East have governed internally and acted externally based on societal narratives which bring together a variety of ideas about a society s history and place in the world He argues that there is a dominant societal narrative that acts as a primary building block of statecraft where statecraft is understood as an ongoing set of local regional and global state building processes Mansour investigates the ways in which statecraft in the Middle East has been guided by narratives through a close historical reading and comparative discussion of the political activity of six states Egypt Israel Syria Turkey Saudi Arabia and Iran in the second half of the twentieth century and the early twenty first century His book demonstrates the analytical power of narratives in understanding statecraft and explains why governments decisions need to be understood in complex ways

The End of Pax Britannica in the Persian Gulf, 1968-1971 Brandon Friedman, 2020-11-17 This book examines how the rulers in the Persian Gulf responded to the British announcement of military withdrawal from the Gulf in 1968 ending 150 years of military supremacy in the region The British system in the Gulf was accepted for more than a century not merely because the British were the dominant military power in the region The balance of power mattered but so did the framework within which the British exercised their power The search for a new political framework which began when the British announced withdrawal was not simply a matter of which ruler would amass enough military power to fill the void left by the British it was also a matter of the Gulf rulers chiefly Iran Saudi Arabia and the ruling shaykhs of the lower Gulf coming to a shared understanding of when and how the exercise of power would be viewed as legitimate This book explores what shaped the rulers ideas and actions in the region as the British system came to an end providing a much needed political history of the region in the lead up to the independence of the UAE Bahrain and Qatar in 1971

Iran's Persian Gulf Policy Dr Christin Marschall, 2003-12-08 This book examines the foreign policy of the Islamic Republic of Iran towards the states of the Persian Gulf from 1979 to 1998 It covers perceptions Iranians and Arabs have of each other Islamic revolutionary ideology the Iran Iraq war the Gulf crisis the election of President Khatami and finally the role of external powers such as the United States The author argues that over the twenty year period

the policy has moved from being ideological to pragmatic and that by tracing its history we can better anticipate its future relationship

Anglo-Iranian Relations since 1800 Vanessa Martin, 2013-05-13 With contributions from renowned experts in the field this book provides an excellent background to the history of Anglo Iranian relations Focusing on the political and economic relationship of Britain and issues of strategic sensitivity the book also illuminates British relations with society and the state and describes the interaction between various representatives and agents of both countries Anglo Iranian relations have had a long and complex history characterized on the one hand by mistrust and intrusion and on the other by mutual exchange and understanding This book explores the intriguing history of this interactive relationship since 1800 looking at it from a variety of perspectives Drawing on previously unavailable documents in English and Persian the book argues that Iran in the nineteenth century had a national state which strongly defended the national interests

From Alliance to Union Joseph A. Kéchichian, 2016-05-24 After the conservative Arab Gulf Monarchies Bahrain Kuwait Oman Qatar Saudi Arabia and the United Arab Emirates UAE joined forces on 25 May 1981 within the Gulf Co operation Council GCC few fathomed that security requirements on and around the Arabian Peninsula would be so precarious and for so long To answer their search for permanent stability Arab Gulf rulers erected a regional alliance that sought to integrate internal and regional defences as well as strengthen their existing socio economic ties Several of the monarchies even hoped that co ordination on foreign policy issues over which near unanimity existed could eventually lead to a full fledged union as envisaged in the organisation s founding charter Between 1981 and 2015 these Arab Gulf monarchies experienced major socio political transformations resulting from upheavals throughout the Arab and Muslim worlds The perceived necessity to bring about a full fledged union has come into conflict with entrenched viewpoints from regimes that value traditional military political roles and norms In this new study Joseph A Kechichian provides an evaluation of GCC States military institutions to better evaluate whether a stable alliance is capable of enduring over the next few decades and how civilian leaders perceive the role and influence of their military officers for the task Kechichian raises fundamental questions over internal regional and international threats including an existential challenge emanating from the Islamic revolutionary government of Iran and assesses how GCC professionals may be preparing to tackle them He further elucidates on the best methods to meet security challenges not only to secure political survival but also to determine whether conservative Arab Gulf regimes can flourish outside an effective alliance The volume concludes with an examination of evolving civil military relations in the GCC States

Citizenship and Residence Sales Dimitry Kochenov, Kristin Surak, 2023-04-13 The first interdisciplinary empirically grounded pluri jurisdictional assessment of the origins operation and main causes of the growing global investment migration trend
