Barefoot Disciple Stephen Cherry,2010-12-02 The rediscovery of genuine passionate humility as a healthy life giving and community building virtue capable of transforming our BSE Blame Someone Else society *For Sure* France Daigle,2013-07-05 For Sure is among other things a labyrinth a maze an exploration of the folly of numbers a repository a defense and an illustration of the Chiac language Written in dazzling prose which is occasionally interrupted by surprising bits of information biography and definitions that appear on the page Daigle perfectly captures the essence of a place and offers us a reflection on minority cultures and their obsession with language It is also the continuing story of Terry and Carmen familiar to us from previous works their children Etienne and Marianne and all those who gravitate around the Babar the local bar in Moncton the Zablonskis Zed Pomme artists and ordinary people who question their place in the world from a distinct point of view that is informed by their geography and by their history politics and culture Masterfully translated from French by award winning translator Robert Majzels For Sure is the moving story of a family and a surprising staggeringly original work that represents a corner of our country

In Praise of Failure Costica Bradatan,2023-01-03 Squarely challenging a culture obsessed with success an acclaimed philosopher argues that failure is vital to a life well lived curing us of arrogance and self deception and engendering humility instead Our obsession with success is hard to overlook Everywhere we compete rank and measure Yet this relentless drive to be the best blinds us to something vitally important the need to be humble in the face of life s challenges Costica Bradatan mounts his case for failure through the stories of four historical figures who led lives of impact and meaning and assiduously courted failure Their struggles show that engaging with our limitations can be not just therapeutic but transformative In Praise of Failure explores several arenas of failure from the social and political to the spiritual and biological It begins by examining the defiant choices of the French mystic Simone Weil who in sympathy with exploited workers took up factory jobs that her frail body could not sustain From there we turn to Mahatma Gandhi whose punishing quest for purity drove him to ever more extreme acts of self abnegation Next we meet the self styled loser E M Cioran who deliberately turned his back on social acceptability and Yukio Mishima who reveled in a distinctly Japanese preoccupation with the noble failure before looking to Seneca to tease out the ingredients of a good life Gleefully breaching the boundaries between argument and storytelling scholarship and spiritual quest Bradatan concludes that while success can make us shallow our failures can lead us to humbler more attentive and better lived lives We can do without success but we are much poorer without the gifts of failure

[The Belief of an Unwilling to believe](#) Michael Murauer,2025-07-10 Against all dogmatic ideologies What can a philosophical life orientation look like in our time Why should we favour it over a religious life orientation The future belongs to philosophy not to religions or secular ideologies With this fundamental statement Michael Murauer places himself in the tradition of Enlightenment thinking The philosopher

and physician who sees no acceptable alternative to a rational debate on philosophical and especially moral issues is aware that at the end of such a debate there are no absolute truths but well founded value judgements as presented here in a wide range of topics The Belief of an Unwilling to believe constantly balances on the edge between systematic philosophical treatise and personal confession measuring itself against the current state of thought This book attempts to summarise the philosophical criticism of ideologies taking into account the world view developed by modern science while at the same time offering orientation and help for life on the basis of philosophical thought adequate to modernity
