Craigie, James Augustus Henry Murray, 1919 *The Play of Texts and Fragments* J. Robert C. Cousland, James James Rutherford Hume, 2009 This volume is arguably one of the most important studies of Euripides to appear in the last decade Not only does it offer incisive examinations of many of Euripides extant plays and their influence it also includes seminal examinations of a number of Euripides fragmentary plays This approach represents a novel and exciting development in Euripidean studies since it is only very recently that the fragmentary plays have begun to appear in reliable and readily accessible editions The book's thirty two contributors constitute an international who's who of Euripidean studies and Athenian drama and their contributions will certainly feature in the forefront of scholarly discourse on Euripides and Greek drama for years to come *The Lies of the Artists* Ingrid D. Rowland, 2024-12-17 Luminous essays on artists of the Italian Renaissance by one of our most inspired writers on the history and making of art In the three centuries from 1450 to 1750 painters sculptors and architects emerged from the medieval craft guilds of Italy to claim a new social status as creators whose gorgeous handiwork now called art expressed lofty inspiration as much as manual skill In *The Lies of the Artists* Ingrid Rowland takes us into the world of these artists and into their seemingly miraculous ways of transforming transcendent ideas into tangible works of art that challenged and redefined reality lies with the power to reveal a deeper truth As the great art patron Daniele Barbaro wrote *bisogna aprire gli occhi* or you have to open your eyes And this is precisely what Rowland does in these essays bringing her knowledge keen perception and singular wit to bear on the art and lives of Renaissance masters including Michelangelo Caravaggio Bernini Raphael Titian and El Greco as well as some overlooked artists of phenomenal talent such as Antonello da Messina Andrea del Sarto and Bertoldo di Giovanni In dazzling prose as luminous and versatile as the painterly effects she describes she shows us the work of these artists in eye opening thought provoking ways recreating the delight and insight that the discovery of great art evokes Thinking English Grammar Xavier Dekeyser, 1999 *Thinking English Grammar To Honour Xavier Dekeyser* Professor Emeritus contains papers by 34 colleagues of professor Dekeyser on subjects that have interested him throughout his career His research has mainly been devoted to the history of English and it is only natural that the first and longest section should consist of 11 papers on variation in English both diachronic and synchronic The second barely shorter with its 9 papers is devoted to the description of various aspects of modern English some of these papers shade off into theoretical linguistics Professor Dekeyser having obtained his Ph D on grammaticography there is a third section on Grammar from the Past with 5 papers The final section 9 papers on Language Teaching and Contrast honours the eminent teacher of literally thousands of budding anglicists *The*
