Smith Marx And After:

Smith, Marx, & After Ronald Lindley Meek, 2013-12-01 SMITH, MARX, AND AFTER : TEN ESSAYS IN THE DEVELOPMENT OF ECONOMIC THOUGHT Ronald L. Meek, 1980 *Smith, Marx, and After* Ronald Lindley Meek, 2014-09-01 *Smith, Marx y después* Ronald L. Meek, 1980 La crítica neorricardiana de la teoría económica neoclásica ha despertado a lo largo de los últimos años un renovado interés por el problema de las relaciones del pensamiento de Marx con sus más ilustres antecesores Smith y Ricardo frente a los que la crítica marxiana de la economía política aparece no sólo como una ruptura sino también como una continuidad En este contexto deben leerse los diez ensayos reunidos en este volumen en los que Ronald L Meek da una excelente muestra de su agudeza como erudito e historiador del pensamiento económico sin abandonar por ello una claridad expositiva que hace su obra ampliamente accesible Los cuatro ensayos reunidos en la primera parte de este volumen Son los que poseen un más marcado carácter filológico en ellos el autor se propone esclarecer la génesis de las ideas de Smith en especial en lo referente a la división del trabajo y a la concepción del desarrollo de la sociedad en cuatro estadios y su relación con la obra de Marx Las partes que siguen poseen en cambio un interés inmediato para el pensamiento económico actual En los tres ensayos de la segunda parte Meek expone el problema de la transformación de valores en precios en la teoría de Marx justifica su aparición por el intento de éste de unir en una única exposición el movimiento lógico y el movimiento histórico y muestra la necesidad de superar la incoherencia lógica del análisis de Marx mediante una solución de tipo sraffiano Por último en los tres ensayos que cierran el volumen el autor examina cuestiones tan dispares y actuales como la historia del concepto de valor en el pensamiento económico las relaciones entre marginalismo y marxismo y la progresiva superación del concepto de mercancía económica de la creencia en un sistema económico autorregulado **Smith, Marx, & After** Ronald L. Meek, 1977 *Marx and the Meaning of Capitalism* S. Bober, 2016-04-30 An introductory and analytical look into the essence of Marxian economics that begins the process of divorcing Marxian economics from Stalinism Smith, Marx, & After Ronald L. Meek, 1980 **After Marx** Colleen Lye, Christopher Nealon, 2022-03-17 After Marx Literature Theory and Value demonstrates the importance of Marxist literary and cultural criticism for an era of intersectional politics and economic decline The volume includes fresh approaches to reading poetry fiction film and drama from Shakespeare to contemporary literature and shows how Marxist literary criticism improves our understanding of racial capitalism feminist politics colonialism deindustrialization high tech labor ecological crisis and other issues A key innovation of the volume's essays is how they attend to Marx's theory of value For Marx capitalist value demands a range of different kinds of labor as well as unemployment This book shows the importance of Marxist approaches to literature that reach beyond simply demonstrating the revolutionary potential or the political consciousness of a 19th century style industrial working class After Marx makes an argument for the twenty first century interconnectedness of widely different literary genres and far flung political struggles **Marx After Marxism** Tom

Rockmore,2008-04-30 Marx After Marxism encourages readers to understand Karl Marx in new ways unencumbered by political Marxist interpretations that have long dominated the discussions of both Marxists and non Marxists This volume gives a broad and accessible account of Marx s philosophy and emphasizes his relationship to Hegel **The Oxford Handbook of Adam Smith** Christopher J. Berry,Maria Pia Paganelli,Craig Smith,2013-05-16 This Handbook provides an accessible survey of the whole of Smith s thought with chapters written by leading experts that will allow all readers to gain a sense of the breadth and depth of the thought of this world historical figure
