Abstract. This paper claims that the "species dominance" issue will dominate our global politics later this century. Humanity will be bitterly divided over the question whether to build godlike, massively intelligent machines, called "artilects" (artificial intellects) which with 21st century technologies will have mental capacities trillions of trillions of times above the human level. Humanity will split into 3 major camps, the "Cosmists" (in favor of building artilects), the "Terrans" (opposed to building artilects), and the "Cyborgs" (who want to become artilects themselves by adding components to their own human brains). A major "artilect war" between the Cosmists and the Terrans, late in the 21st century will kill not millions but billions of people.

1. Introduction

This paper claims that the "species dominance" issue will dominate our global politics this century, resulting in a major war that will kill billions of people. The issue is whether humanity should build godlike, massively intelligent machines called "artilects" (artificial intellects), which 21st century technologies will make possible, that will have mental capacities trillions of trillions of times above the human level. Society will split into two (arguably three) major philosophical groups, murderously opposed to each other. The first group is the "Cosmists" (based on the word Cosmos) who are in favor of building artilects. The second group is the "Terrans" (based on the word Terra,
