The Athenian Agora John McK. Camp, 2003 The revised version of this popular site guide provides a brief account of the history of the Athenian agora and its principal monuments and now features numerous colour illustrations **The Athenian Agora** Homer A. Mauzy, John McK. Camp (II), 2006 This history relates the archaeological work done by the American School of Classical Studies in Athens on the Agora excavations Areas covered include the reconstruction of the Church of the Holy Apostles from 1954 1956 and the rebuilding of the Stoa Each section of photographs is preceded by an introductory text and maps **The Athenian Agora** American School of Classical Studies at Athens, 1958 **Graffiti in the Athenian Agora** Mabel L. Lang, 1988 Like fragments of overheard conversations the thousands of informal inscriptions scratched and painted on potsherds tiles and other objects give us a unique insight into the everyday life of the Athenian Agora Some are marks of ownership or the notes of merchants but many are sexual innuendos often accompanied by graphic illustrations Using her wide contextual knowledge the author suggests why these scraps of sentences were written and what they can tell us about one of the first widely literate societies Waterworks in the Athenian Agora Mabel L. Lang, 1968 Preserved beneath the surface of the Agora are thousands of terracotta pipes stone drainage channels and lead pressure lines These form a complex chain of waterworks constructed and repaired over many different periods This book discusses the complex engineering that channeled fresh water into the Agora and disposed of waste water and shows some of the ornate wells and fountain houses where ancient Athenians gathered to drink and bathe **Inscriptions from the Athenian Agora** Benjamin Dean Meritt, 1966 Many types of written records are found in the Agora and this booklet presents a sample of the more than 10 000 inventoried inscriptions written on stone The texts illustrated include diplomatic agreements commemorative plaques for athletic victories records of court judgements boundary stones identifying different buildings and fragmentary inscriptions featuring names over 30 000 individual Athenians are now recorded **The Stones of Athens** Richard Ernest Wycherley, 2015-03-08 Interpreting the monuments of Athens in light of literature R E Wycherley brings before us the city the ancients knew Philosophers statesmen travelers dramatists poets private citizens the words of all these suggest how the city looked at various periods how its monuments came to be built and how they served the people in daily life Professor Wycherley concentrates on the classical period illustrating his work with plans reconstructions and photographs Originally published in 1978 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the

original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The Athenian Citizen** Mabel L. Lang, 2004 Using archaeological evidence from excavations at the heart of ancient Athens this volume shows how tribal identity was central to all aspects of civic life guiding the reader through the duties of citizenship as soldier in times of war and as juror during the peace **Excavations of the Athenian Agora** , 2006
