Kabbalah for Health & Wellness Mark Stavish, 2007 Shrouded in secrecy and symbols, Kabbalah can be downright daunting for beginners. Mark Stavish bypasses the baroque ritual and cuts to the core of this esoteric tradition. In *Kabbalah for Health & Wellness*, blending Kabbalist teachings with energy healing, this accessible, user-friendly guide offers a clear and practical application of Kabbalah. Students can learn to use the Tree of Life, the Hebrew alphabet, the Middle Pillar, planetary powers, and alchemy to direct energy for physical and emotional healing. Guided imagery, techniques, meditations, and other exercises anchor these concepts in daily life, transforming mere ideas into personal knowledge, power, and experience. Requiring only fifteen minutes daily, these practices are designed to enhance healing potential, inspire spiritual awakening, and introduce readers to the lifelong Path of Becoming.

The Women's Book of Healing Diane Stein, 2011-03-02 Women are naturally healers. Throughout time they have performed curative roles as mothers, midwives, caregivers, and wisewomen, but modern medicine has suppressed this important tradition. Ancient women healers knew that the body is more than what is seen; through body, emotions, mind, and spirit, we can connect with the Goddess and actively choose to heal ourselves and others. By relearning and using ancient skills like aura and chakra work, creative visualization, meditation, laying on of hands, psychic healing, and working with crystals and gemstones, women can prevent or transform many diseases of the body and spirit before they become matters for modern medicine. In *THE WOMEN'S BOOK OF HEALING*, Diane Stein, author of the best-selling *ESSENTIAL REIKI*, demystifies, explains, and teaches these skills in ways that modern women can learn and use. She first introduces basic healing, then applies those skills to healing with crystals and gemstones, a beautiful, effective, and empowering aspect of the ancient woman's healing methods. A comprehensive guide from a knowledgeable healer, *THE WOMEN'S BOOK OF HEALING* proves that well-being is within a woman's choice and natural abilities and reaffirms her timeless role as healer of herself and others. An affirmation of woman's traditional role as healer, speaking to a national trend toward alternative medicine and natural healing methods, *Demystifies*, explains, and teaches the healing capabilities of auras, chakras, laying on of hands, crystals, gemstones, and colors. Thoroughly revised and updated with a new introduction, Diane Stein's books have sold more than 600,000 copies.
