The War of Atlantis and the New World Order Sherridean Abddeen , 2025-09-17 In the year 2027 the world was shaken by an unexplainable phenomenon the lost city of Atlantis reemerged from the depths of the ocean perfectly intact and teeming with life It was as if time had never moved forward for the Atlanteans every soul that had perished in the city s fall was alive and well yet utterly bewildered by the world they now faced Scientists scrambled to comprehend the inexplicable event unable to rationalize how a once sunken civilization had suddenly risen from the sea without a single moment lost Word of Atlantis resurrection spread like wildfire People rushed in boats to witness the impossible cameras rolling in disbelief Governments across the globe activated their most secretive and elite unidentified units sealing off the island from intruders Anyone who had set foot in Atlantis was taken into custody never to be seen again The world s leaders caught between wonder and fear sought answers that science could not provide At the heart of this mystery lay an even deeper truth the return of Atlantis was not an accident It was a love story that defied the very fabric of reality A volcanic eruption beneath the city had triggered a rift in time awakening Queen Aaliyah of Atlantis from her centuries long slumber Her coffin buried beneath the ocean floor was thrown open releasing her soul to search for the love she had lost Michael the man who had died alongside her in Atlantis destruction When their spirits reunited and their lips met once more the very essence of time fractured A shift in the timeline resurrected the entire city restoring its people to the day before their doom The Guardians of the Realms an ancient order tasked with maintaining balance across dimensions recognized the magnitude of this event This was unlike any anomaly they had ever encountered and the potential consequences were unfathomable As the world panicked the Guardians convened an emergency summit summoning all realm guardians to Atlantis in a desperate bid to contain the event The global government however had no patience for understanding Fearful of what they could not control they saw only one solution Atlantis must be destroyed once again The leaders of the New World Order agreed to the Guardians plan to eliminate the city and its inhabitants before the timeline s corruption spread further The decision was made in secrecy a swift and decisive act to erase Atlantis from history once more But Queen Aaliyah would not allow her

people to perish again Upon learning of the betrayal the Queen declared war on the New World Order She vowed that Atlantis would not fall a second time and rallied her people preparing for battle against those who sought to erase them The Atlanteans once peaceful and wise had been given a second chance at life and they would not let it be stolen from them With ancient knowledge and technology long forgotten by modern civilization they were prepared to defend their home Thus began the War of Atlantis and the New World Order A war between the old world and the new A war between love and fear A war that would determine the fate of time itself

Atlantis and the Maya World Riddick Dawson, 2025-10-07 Across millennia the name Atlantis has echoed through human imagination a vanished civilization of divine wisdom and cataclysmic ruin But what if its memory survived not in Greek philosophy but in the sacred texts and temples of the ancient Maya In Atlantis and the Maya the reader embarks on a sweeping journey across oceans centuries and civilizations From Plato's dialogues to the Popol Vuh from the stone cities of Tikal Palenque Copan and Chichen Itz to the flood myths of Mesoamerica this book explores one of the most enduring mysteries of all time the possibility that two great civilizations separated by an ocean shared a common cosmic memory of creation destruction and rebirth Drawing on archaeology mythology and the visionary writings of Brasseur de Bourbourg Ignatius Donnelly and modern scholarship this work examines how the legend of Atlantis became entwined with the rise of the New World's greatest civilization It traces the parallel philosophies of the Greeks and the Maya both warning of hubris imbalance and the fall of empires and asks why even in an age of satellites and seafloor maps the myth of a sunken world still resonates so deeply Blending history with symbolism Atlantis and the Maya reveals that the lost continent is not merely a place to be found beneath the sea but a mirror of humanity's own forgotten origins It is an exploration of memory morality and the eternal cycles that shape both myth and civilization a bridge between Plato's philosopher kings and the Maya priest astronomers who watched the stars and remembered the floods of creation

Atlantis, Ragnarok, Fire in the Sky Riddick Dawson,2025-10-08 In Atlantis Ragnarok the calm mask of Earth s history is stripped away to reveal the chaos beneath From the great ice sheets of the Pleistocene to the shattered gravels of forgotten continents this work revisits the nineteenth century debate between gradualism and catastrophe through modern eyes Ignatius Donnelly s once ridiculed vision of a world consumed by cosmic fire becomes the entry point for a sweeping investigation of impacts floods and mythic memory a scientific and poetic synthesis that connects geology archaeology and ancient storytelling Across pages of gravel glass and flame the reader journeys from Victorian laboratories to the edges of the solar system tracing how celestial events have

repeatedly rewritten the face of the planet Drawing on new research in impact stratigraphy palaeoclimatology and myth archaeology Atlantis Ragnarok shows that the legends of floods and falling stars were not mere metaphors but recollections of real catastrophe The Norse twilight the biblical deluge the Hopi fire rain all are woven into one planetary chronicle of destruction and renewal Combining historical scholarship modern science and literary eloquence this volume restores awe to geology and meaning to myth Atlantis Ragnarok is both a meditation on humanity s amnesia and a rediscovery of the cosmic forces that shaped our world a reminder that stability is illusion and that within every layer of Earth lies the memory of the sky s fire
