Aspects of Empire in Achaemenid Sardis Elspeth R. M. Dussinberre, 2003-04-10 Elspeth R M Dussinberre proposes a fresh approach to understanding the Achaemenid Empire based on her study of the regional capital Sardis This study uses archaeological artistic and textual sources to demonstrate that the two hundred year Persian presence in this city had a profound impact on local social structures revealing the region's successful absorption both ideological and physical into the Persian Empire During this period Sardis was a centre of burgeoning creativity and vitality where a polyethnic elite devised a fresh culture inspired by Iranian Greek and local Lydian traditions that drew on and legitimated imperial ideology The non elite absorbed and adapted multiple aspects of this culture to create a wholly different profile of what it meant to be Sardian As well as successfully bringing together information on the Achaemenids this book is also an excellent contribution to empire studies
