Art of Remington Arms Tom Davis, 2003-11 *Bob Kuhn* James McNutt, 2012-09-05 For those of us who portray wildlife our decision to persist in our quest for excellence is almost always based on a love affair a fascination with the creatures of our planet and a need to share this feeling the best way we know how So said wildlife artist Robert Kuhn 1920 2007 who spent a lifetime sketching and painting animals and generously mentoring other artists *Bob Kuhn Drawing on Instinct* presents a generous sampling of his rarely seen sketches alongside the vibrant paintings for which he is best known Appearing in conjunction with a traveling exhibit mounted by the National Museum of Wildlife Art in Jackson Wyoming this book allows readers to observe the artistic process of one of the greatest wildlife artists of our time Curator Adam Duncan Harris provides an introduction and a biography of Kuhn along with an examination of his working method In addition Bob Kuhn features four substantive essays by leading authorities on American art James H Nottage of the Eiteljorg Museum of American Indians and Western Art Amy Scott of the Autry National Center Lisa M Strong of the Corcoran Gallery of Art and Todd Wilkinson of *Wildlife Art Journal* and other publications These contributions written from a variety of art historical perspectives set Kuhn s oeuvre within the cultural context in which he worked and deepen our understanding of his achievements Complementing the essays are brief appreciations by six of Kuhn s contemporaries and three samples of the artist s own writing *Bob Kuhn Drawing on Instinct* offers a compelling blend of the artist s finished paintings and finest sketches works of art in their own right This lavishly illustrated book is a fitting tribute that will further establish Bob Kuhn s place in the pantheon of late twentieth century American artists *Field & Stream* , 2008-03 *FIELD STREAM* America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations **Forest and Stream** , 1919

The Gunning of America Pamela Haag, 2016-04-19 Americans have always loved guns This special bond was forged during the American Revolution and sanctified by the Second Amendment It is because of this exceptional relationship that American civilians are more heavily armed than the citizens of any other nation Or so we re told In *The Gunning of America* historian Pamela Haag overturns this conventional wisdom American gun culture she argues developed not because the gun was exceptional but precisely because it was not guns proliferated in America because throughout most of the nation s history they were perceived as an unexceptional commodity no different than buttons or typewriters Focusing on the history of the Winchester Repeating Arms Company one of the most iconic arms manufacturers in America Haag challenges many basic assumptions of how and when America became a gun culture Under the leadership of Oliver Winchester and his heirs the company used aggressive sometimes ingenious sales and marketing techniques to create new markets for their product Guns have never sold themselves rather through advertising and innovative distribution campaigns the gun industry did Through the meticulous examination of gun industry archives Haag challenges the myth of a primal bond between Americans

and their firearms Over the course of its 150 year history the Winchester Repeating Arms Company sold over 8 million guns But Oliver Winchester a shirtmaker in his previous career had no apparent qualms about a life spent arming America His daughter in law Sarah Winchester was a different story Legend holds that Sarah was haunted by what she considered a vast blood fortune and became convinced that the ghosts of rifle victims were haunting her She channeled much of her inheritance and her conflicted conscience into a monstrous estate now known as the Winchester Mystery House where she sought refuge from this ever expanding army of phantoms In this provocative and deeply researched work of narrative history Haag fundamentally revises the history of arms in America and in so doing explodes the cliché that have created and sustained our lethal gun culture **The Game Breeder** Dwight Williams Huntington, 1929 Arms and the Man , 1915

American Cowboy , 1997-05 Published for devotees of the cowboy and the West American Cowboy covers all aspects of the Western lifestyle delivering the best in entertainment personalities travel rodeo action human interest art poetry fashion food horsemanship history and every other facet of Western culture With stunning photography and you are there reportage American Cowboy immerses readers in the cowboy life and the magic that is the great American West **Field & Stream** , 1986-02 FIELD STREAM America's largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations *Boys' Life* , 1924-12 Boys Life is the official youth magazine for the Boy Scouts of America Published since 1911 it contains a proven mix of news nature sports history fiction science comics and Scouting
