The Art Of Translating

Jirí Levý, Jiří Levý

The Art Of Translating:

The Art of Translation Jirí Levý, Jiří Levý, 2011 Jir Lev s seminal work *The Art of Translation* considered a timeless classic in Translation Studies is now available in English Having drawn on adjacent disciplines the methodology of Czech functional sociosemiotic structuralism and the state of the art in the West Lev synthesized his findings and experience in the field presenting them in a reader friendly book which combines the approaches of a theoretician systemic analyst historian critic teacher practitioner and populariser Although focused on literary translation from theoretical descriptive and historical perspectives it presents a conceptualization of a general theory addressing a number of issues discussed today The practical mission of the book as a theory extending to practice is based on the same historical dialectic affinity of methods norms functions and values accounting for the translator s agency and other contextual agents involved in the communication process The book will be useful to translators researchers students and teachers in Translation and Literary Studies

Art of Translating Prose Burton Raffel, 2010-11-01 **Art of Translating Poetry** Burton Raffel, 2010-11-01 **The Art of Translating** Herbert Cushing Tolman, 1900 **The Art of Translating** Herbert Cushing Tolman, Paul Cauer, 2018-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Performing Without a Stage Robert Wechsler, 1998 *Performing Without a Stage* is a lively and comprehensive introduction to the art of literary translation for readers of foreign fiction and poetry who wonder what it takes to translate how the art of literary translation has changed over the centuries what problems translators face in bringing foreign works into English and how they go about solving these problems This book will also be of interest to translators writers editors critics and literature students dealing as it does often controversially with such matters as the translator s fidelity to the author the publishing and reviewing of translations the nearly nonexistent public image of the stageless translator and the value for writers and scholars of studying and practicing translation

The Art of Translating Prose Burton Raffel, 1994-01-01 There has been very little linguistically sound discussion of the differences between poetry and prose and virtually no discussion of any sort of the practical consequences of those differences for the translation of prose *The Art of Translating Prose* presents for both the specialist and nonspecialist

the core strategies employed by the author in translating a variety of important prose texts and in the process delineates a coherent program or theory that can inform each act of translation Burton Raffel considers and effectively illustrates the fundamental features of prose those features that most clearly and idiomatically define an author's style He addresses those features that must be attended closely and imaginatively as one moves them from the original language work Raffel's insistence on concentrating on the artistic viability of the translation continues themes he explored in other books most notably *The Forked Tongue* and *The Art of Translating Poetry* Raffel finds the most important determinant for prose though not for poetry to be syntax which he argues must be tracked if the translation is to reflect the original author's style in a meaningful way Raffel ties together theory and practice to establish sound standards for the evaluation of prose translations and he provides examples in considerations of versions of such books as *Madame Bovary* *Germinal* and *Death in Venice*

The Art of Translating Prose Burton Raffel, 2002-03-01 This book by Burton Raffel one of the greatest living translators of works of verbal art into English presents for both the specialist and non specialist the core strategies that he employs to translate a variety of important prose texts In the process he delineates a coherent program or theory that can inform each act of translation Raffel considers and effectively illustrates the fundamental features of prose those features that most clearly and idiomatically define an author's style He ties together theory and practice to establish sound standards for the valuation of prose translations and he provides examples in considerations of versions of *Madame Bovary* *Germinal* and *Death in Venice*

The Art of Translation Ranjit Bolt, 2012-06-18 I try to follow the rule laid down by perhaps the greatest translator of all John Dryden who maintained that a translator should and I paraphrase make the version as entertaining as possible while at the same time remaining as faithful as possible to the spirit of the original Ranjit Bolt In this book Ranjit Bolt takes what is essentially a practitioner's view of the art of literary translation His observations are born of a quarter of a century's experience of translating for a living especially for the theatre While rooted in practice however this survey does not shy away from theory but is packed with allusion to great translation theorists such as Walter Benjamin and John Dryden as well as adumbrating Bolt's own theoretical stance

The Art of Translating Herbert Cushing Tolman, 1900
