The Augustan Laws On Family Relations:

The Augustan Laws on Family Relations Pál Csillag, 1976 *The Augustan Laws on Family Relations* P. Csillag, 1976

Augustus and the Family at the Birth of the Roman Empire Beth Severy, 2004-02-24 In this lively and detailed study Beth Severy examines the relationship between the emergence of the Roman Empire and the status and role of this family in Roman society The family is placed within the social and historical context of the transition from republic to empire from Augustus rise to sole power into the early reign of his successor Tiberius *Augustus and the Family at the Birth of the Roman Empire* is an outstanding example of how if we examine private issues such as those of family and gender we gain a greater understanding of public concerns such as politics religion and history Discussing evidence from sculpture to cults and from monuments to military history the book pursues the changing lines between public and private family and state that gave shape to the Roman imperial system **The Augustan Settlement** Cassius Dio Cocceianus, 1990 Dio Cassius Roman History contains the fullest surviving account of the reign of Augustus This edition of Books 53 55 covers the years 28 5 BC and includes Dio s extended discussion of the constitutional settlement of 27 BC and the imperial system it inaugurated Ancient Greek text with facing translation introduction and commentary *Ancient Greece and Rome* Keith Hopwood, 1995 Sir Thomas Fairfax not Oliver Cromwell was creator and commander of Parliament s New Model Army from 1645 to 1650 Although Fairfax emerged as England s most successful commander of the 1640s this book challenges the orthodoxy that he was purely a military figure showing how he was not apolitical or disinterested in politics The book combines narrative and thematic approaches to explore the wider issues of popular allegiance puritan religion concepts of honour image reputation memory gender literature and Fairfax s relationship with Cromwell Black Tom delivers a groundbreaking examination of the transformative experience of the English revolution from the viewpoint of one of its leading yet most neglected participants It is the first modern academic study of Fairfax making it essential reading for university students as well as historians of the seventeenth century Its accessible style will appeal to a wider audience of those interested in the civil wars and interregnum more generally *Law and Society in the Age of Theoderic the Great* Sean D. W. Lafferty, 2013-07-25 This book explores the evolution of Roman law and society in Italy from 493 with the proclamation of the Ostrogoth Theoderic the Great as king until about 554 when the eastern Emperor Justinian was able to re establish imperial authority in the region Drawing upon evidence from a variety of legal and historical sources it investigates how Theoderic and his successors attempted to govern the peninsula in the wake of foreign invasions the collapse of civic administration the break up of the Mediterranean economy and the emergence of new forms of religious and secular authority It challenges long held assumptions as to just how peaceful prosperous and Roman like Theoderic s Italy really was Its primary focus is the Edictum Theoderici a significant but largely overlooked document that offers valuable historical insights into the complex and sometimes contested social political and religious changes that marked Italy s passage from Antiquity into the Middle Ages *The Augustan*

Succession Peter Michael Swan, 2004 This commentary pays close critical attention to Dio's historical sources, methods, and assumptions as it also strives to present him as a figure in his own right. During a long life (ca. 164–229 AD) Dio served as a Roman senator under seven emperors from Commodus to Severus Alexander, governed three Roman provinces, and was twice consul. **BOOK JACKET**

Households and Discipleship Warren Carter, 1997-06-01 This study addresses the question of whether a coherent sequence of pericopes can be identified in Matthew chapters 19–20. Employing audience-oriented criticism, it argues that the authorial audience's knowledge of the philosophical tradition concerning household structures provides that coherent sequence. But the audience also encounters in these chapters a critique of the household tradition's patriarchal and hierarchical structure of the rule of husband over wife, father over children, master over slaves, and the accumulation of wealth as an indicator of social identity. It understands that the community of disciples is to exhibit more egalitarian patterns; this alternative structure is placed in the context of wider socio-cultural forces which were also resisting aspects of the conventional household pattern. Features of the alternative structure: opposition to hierarchical structures, a more egalitarian pattern, a temporal framework, marginal social location, minimalization of gender differences and authority roles, and relationships opposition to wealth can be seen as aspects of an existence which Victor Turner identifies as normative or permanent liminality. That is the study of chapters 19–20 contributes significantly to the formulation of the larger pattern of Matthean discipleship.

Prostitution, Sexuality, and the Law in Ancient Rome Thomas A. J. McGinn, 2003-01-30 This is a study of the legal rules affecting the practice of female prostitution at Rome approximately from 200 BC to AD 250. It examines the formation and precise content of the legal norms developed for prostitution and those engaged in this profession with close attention to their social context. McGinn's unique study explores the fit between the law system and the socio-economic reality while shedding light on important questions concerning marginal groups: marriage, sexual behavior, the family, slavery, and citizen status, particularly that of women. *The Augustan Laws on Family Relations.* (Translated)... , 1976
