Lamberton, A.M., John McGovern, 1899

A History of Europe in 6 Projects European Investment Bank, 2018-07-19 This book tells one set of stories from the many that could be told about the European Investment Bank There are six one for each decade of the EIB story These stories show how the EIB stood behind the key developments in Europe's economy responding to the changes in the continent and the Union of which it is a crucial part They are the story of how the EIB helped turn good intentions into reality

Crimes against History Antoon De Baets, 2018-12-13 Crimes against History takes a global approach to the extreme forms of censorship to which history and historians have been subjected through the ages The book opens by considering the varieties of censorship from suppression dismissal and defamation to persecution and murder Part I Kill switch tells the tragic story of how the censorship of history has sometimes turned into deadly crimes against history with chapters looking at topics such as historians and archivists being killed for political reasons attacks by political leaders on historians iconoclastic breaks with the past and fake news Part II Fragile freedom reverses the perspective and examines how the censorship of history has backfired Chapters consider the subversive power of historical analogies and resistance to the censorship of history The book also contains a Provisional memorial for history producers killed for political reasons from ancient times until 2017 It is a double tribute to the history producers who were killed and to those who mustered the courage to resist the blows of censorship History, 1928 *The Arnoldian*, 1984, Trail of Madness Ken Stichter, 2018-01-03 It is 1966 in the Sierra Nevada backcountry Allison Connors has been waiting years to carry out her plan

As darkness falls and a drunken beast emerges from their tent to relieve himself Allison pushes him over a riverbank hurls a rock at his head and shoves him into the water Although her father is finally dead her vengeful journey has just begun Thirty three years later the discovery of Cindy Ashaes remains in an Orange County high school time capsule heats up a decades old cold case After sheriffs department investigator Van Vanarsdale is assigned the case he begins to unravel the mysterious 1972 disappearance of Cindy and her high school prom date While following a twisting set of leads Van soon discovers that Cindys death has something in common with several backpackers who disappeared during the 1960s and 1970s along Californias John Muir Trail After enlisting help from psychology experts and two old backpackers Van is led down a trail of madness straight to a suspect with a brilliant yet twisted mind In this gripping mystery a tenacious Orange County investigator assigned to a cold case must use unconventional methods to find a ruthless killer *Heroines and History* Colin MacMillan Coates,Cecilia Louise Morgan,2002-01-01 This is a fascinating comparison of the histories of Ontario and Quebec as seen through the handling of their best known heroines Most Canadians are familiar with stories of Madeleine de Vercheres defending Montreal against the Iroquois in 1692 and of Laura Secord and her cow bravely crossing the American lines to warn the British during the War of 1812 Religion and the Rise of History Leonard S. Smith,2009-04-01 As a historical inquiry and synthesis this intellectual history is the first study to apply the ideal type or model building methodology of Otto Hintze 1861 1940 to Western historical thought or to what R G Collingwood called The Idea of History for it contains succinct and useful models for seeing and teaching classical Christian and modern professional historiography Religion and the Rise of History is also the first work to suggest that in addition to his well known paradoxical simul and or at the same time way of thinking and viewing life Martin Luther also held to a way that was deeply incarnational dynamic and or in with and under This dual vision and a Lutheran ethos strongly influenced Leibniz Hamann and Herder and was therefore a matter of considerable significance for the rise of a distinctly modern form of historical consciousness commonly called historicism in Protestant Germany Smith s essay suggests a new time period for the formative age of modern German thought culture and education The Cultural Revolution in Germany This age began in the early 1760s and culminated in 1810 with the founding of the University of Berlin the first fully modern and modernizing university This university first became the recognized center for the study of history however through the work of Leopold von Ranke 1795 1886 Here the story shows how a young Ranke derived his individualizing way of thinking and viewing life mainly from Luther how his life work is the best example in Western literature of the rise of history from a calling to a profession and how the three way discussion between Troeltsch Meinecke and Hintze concerning the nature of modern historical thought was of central importance for the reorientation of Western social historical thought in the twentieth century
