Action Research in the World Language Classroom Mary Lynn Redmond, 2013-06-01 The current thrust in the field of education is to improve teachers understanding of how research on best practices can improve student learning The field of world language education introduces a double perhaps a triple bind teachers must be able to design and deliver instruction that aligns with national expectations for developing students language and intercultural abilities for success in the global workplace yet in schools across America all K 12 students do not have the opportunity to study languages even though research supports their astonishing facility for acquisition Schools and teachers without resources including time to investigate and implement evidence based best practices are ultimately held accountable for student performance If world language teachers are to advocate for languages they must use their expertise and share evidence of their students progress The American Council on the Teaching of Foreign Languages ACTFL recently began development of a national research priorities agenda for grades preK 16 Action research which is classroom centered and inquiry based can contribute to our profession s efforts as it helps us to increase awareness of the critical need for language study in grades preK 16 World language teachers can become teacher researchers in their own classrooms gathering deeply meaningful insights into their students progress that they can share with others Teacher researchers investigate innovative approaches in response to their questions about teaching and learning which are rooted in daily experience They engage their students in fresh learning activities and student feedback helps them to make better decisions about instructional and assessment strategies Results can be shared with stakeholders including parents administrators school board members and guidance counselors as evidence of what all kinds of students can do in languages At a time in our history when we are striving to

prepare teachers for 21st century schools that prioritize global competence Action Research in the World Language Classroom is a timely resource for the profession It describes a natural engaging motivating way to contribute particularly for preservice teachers who are shaping their views and understanding about world language instruction and the connections between research and best practices The book includes four studies conducted by preservice teachers during their student teaching internships in North Carolina public schools The editor hopes that their work and observations will inspire and assist world language educators at all stages of their careers **Education for Victory** Olga Anna Jones,1944 Music for Elementary Classroom Teachers Charles Hoffer,2004-07-14 There is no question that music makes a significant contribution to the quality of human life and that music can play a valuable role in the learning of virtually all subjects taught in the elementary schools Music for Elementary School Teachers is a concise easy to understand book that covers the essentials of what future elementary classroom teachers need to know in the area of music It emphasizes the cooperative supportive role of elementary classroom teachers with music teachers and demonstrates how music can be used with other curricular and classroom activities to enhance and enrich the learning of all subjects Furthermore the text s comprehensive coverage is more than adequate for those teachers who find themselves responsible for all the music instruction their students will receive Outstanding features include Hoffer s presentation is easy to comprehend and is unintimidating for future classroom teachers who have had little music instruction themselves the number of topics and the depth of coverage are in sync with what most future classroom teachers will use many helpful suggestions on how to involve music with the teaching and learning of all subjects and with classroom management are valuable for both prospective and practicing teachers the inclusion of projects and review questions ensures the maximum comprehension of the material presented in the text Skill Development sections facilitate the learning of rudimentary skills in making music and understanding music notation and provide the opportunities to practice and perfect these skills a variety of songs and other music complement the text and add to the enjoyment and ease of learning the material **Education for Victory** ,1942 *Spiritual Experiences in Early Childhood Education* Jennifer Mata,2014-06-13 Spirituality is frequently avoided in the public school classroom in an attempt to prevent controversy However by ignoring preventing or discounting spirituality educators can also inhibit children s spiritual development Based on qualitative research and interactions with both children and adults Jennifer Mata argues that educators should be responsible for addressing children s spirituality in the classroom and for re introducing these topics into early childhood education By surveying the existing literature on spirituality Mata offers a working definition of spirituality as an essential characteristic of humanness which helps connect individuals to themselves others and to the transcendent The book portrays stories and descriptions of four kindergarten children in their classroom setting exploring their different modes of expressing and experiencing spirituality Finally Spiritual Experiences in Early Childhood Education offers a review of pedagogical strategies to nurture spirituality for both teachers to implement in the classroom and teacher
