Sortes Astrampsychi li Ecdosis Altera:

Sortes Astrampsychi Astrampsychus, 1983 *Ecdosis altera* Randall Stewart, 2013-02-07 Die Bibliotheca Teubneriana established in 1849 has evolved into the world's most venerable and extensive series of editions of Greek and Latin literature ranging from classical to Neo Latin texts. Some 4-5 new editions are published every year. A team of renowned scholars in the field of Classical Philology acts as advisory board: Gian Biagio Conte, Scuola Normale Superiore di Pisa; James Diggle, University of Cambridge; Donald J. Mastroride, University of California Berkeley; Franco Montanari, Università di Genova; Heinz G. Nesselrath, Georg-August-Universität Göttingen; Dirk Obbink, University of Oxford; Oliver Primavesi, Ludwig-Maximilians-Universität München; Michael D. Reeve, University of Cambridge; Richard J. Tarrant, Harvard University. Formerly out of print editions are offered as print on demand reprints. Furthermore, all new books in the Bibliotheca Teubneriana series are published as eBooks. The older volumes of the series are being successively digitized and made available as eBooks. If you are interested in ordering an out of print edition which hasn't been yet made available as print on demand reprint, please contact us: Kerstin.Haensch@degruyter.com. All editions of Latin texts published in the Bibliotheca Teubneriana are collected in the online database BTL Online. *Forbidden Oracles?* AnneMarie Luijendijk, 2014-08-01 This book centers on The Gospel of the Lots of Mary, a previously unknown text preserved in a fifth or sixth century Coptic miniature codex. It presents the first critical edition and translation of this new text. My book is also a project about religious praxis and authority as I situate the manuscript within the context of practices of and debates around divination in the ancient Mediterranean world. Preface p. vii.

My Lots are in Thy Hands: Sortilege and its Practitioners in Late Antiquity AnneMarie Luijendijk, William E. Klingshirn, 2018-10-08 Sortilege, the making of decisions by casting lots, was widely practiced in the Mediterranean world during the period known as late antiquity, between the third and eighth centuries CE. In *My Lots are in Thy Hands: Sortilege and its Practitioners in Late Antiquity*, AnneMarie Luijendijk and William Klingshirn have collected fourteen essays that examine late antique lot divination, especially but not exclusively through texts preserved in Greek, Latin, Coptic, and Syriac. Employing the overlapping perspectives of religious studies, classics, anthropology, economics, and history, contributors study a variety of topics, including the hermeneutics and operations of divinatory texts, the importance of diviners and their instruments, and the place of faith and doubt in the search for hidden order in a seemingly random world. *Ancient Magic and Ritual Power* Paul Mirecki, Meyer, 2015-08-24 This volume contains a series of provocative essays that explore expressions of magic and ritual power in the ancient world. The essays are authored by leading scholars in the fields of Egyptology, ancient Near Eastern studies, the Hebrew Bible, Judaica, classical Greek and Roman studies, early Christianity, and patristics, and Coptology. Throughout the book, the essays examine the terms employed in descriptions of ancient magic. From this examination comes a clarification of magic as a polemical term of exclusion but also an understanding of the classical Egyptian and early Greek conceptions of magic as a more neutral category of inclusion. This book should prove to be

foundational for future scholarly studies of ancient magic and ritual power This publication has also been published in paperback please click here for details **Japheth in the Tents of Shem** Pieter Willem van der Horst, 2002 A collection of fifteen essays most of them published previously Ch 6 pp 109 118 Jews and Christians in Antioch at the End of the Fourth Century appeared in Christian Jewish Relations through the Centuries 2000 contrasts the vitriolic anti Jewish polemics of John Chrysostom in regard to Judaizing with the attitude of the Apostolic Constitutions material on ecclesiastical law The latter instead of denigrating the Jews borrowed from them aspects of Judaism that local Christians found attractive Ch 12 pp 207 221 Who Was Apion unpublished focuses on Apion's scholarship and writing i e activities other than his anti Jewish polemics However notes that Apion's self proclaimed originality included his invention of the libel of Jewish cannibalism

Anthology of Ancient Greek Popular Literature William Hansen, 1998-04-22 Not all readers in ancient Greece whiled away the hours with Homer Plato or Sophocles at least not always Many enjoyed light reading such as can be found in the pages of this lively anthology Various types of popular writing novels short stories books of jokes or fables fortune telling handbooks trace their origins to the ancient Mediterranean In fact some of this literature was so successful that it remained in circulation for centuries even into the Middle Ages Translated into other languages these works were the best sellers of their time and remain enjoyable reading today They are also fascinating social documents that reveal much about the daily lives humor loves anxieties fantasies values and beliefs of ordinary men and women *Ecdosis Altera*

Astrampsychus, Randall Stewart, 2001 Written primarily in Greek Slaves and Religions in Graeco-Roman Antiquity and Modern Brazil Dick Geary, Stephen Hodkinson, 2012-03-15 Slaves have never been mere passive victims of slavery Typically they have responded with ingenuity to their violent separation from their native societies using a variety of strategies to create new social networks and cultures Religion has been a major arena for such slave cultural strategies Through participation in religious and ritual activities slaves have generated important elements of identity shared humanity and even resistance within their lives This volume presents papers from a conference of the University of Nottingham's Institute for the Study of Slavery the only UK centre studying its history from antiquity to the present It breaks new ground by juxtaposing slave strategies within the diverse religious cultures of Graeco Roman antiquity and modern Brazil After a wide ranging historiographical survey eleven experts examine how in both societies slave religious activities involved both constraints and opportunities shedding particular new light on the neglected religious strategies of Graeco Roman slaves

Paroles d'Apollon Aude Busine, 2005-12-01 This book deals with the making and the reuses of the divine words which were ascribed to Apollo from the 2nd to the 6th centuries AD and which have now become available in both epigraphical and literary sources The larger part has been issued by the sanctuaries of Claros and Didyma This comprehensive and historical approach analyses the oracles of Apollo according to the various contexts ancient authors used to resort to the sacred words The first part of the book examines in the context of the Graeco Roman city states the oracular texts in relation to the

sanctuaries where they had originally been produced The second part explores the different ways in which the Apollinian oracles were reappropriated by pagan and Christian authors for philosophical polemical and apologetic purposes This study of the sacred texts reveals in an original manner the cultural political and religious life of pagans and Christians in the Roman Empire Christianity in the Second Century James Carleton Paget, Judith Lieu, 2017-05-15 Christianity in the Second Century seeks to show how academic study on this critical period of Christian development has undergone change over the last thirty years It focuses on contributions from early Christian and ancient Jewish studies and ancient history all of which have contributed to a changing scholarly landscape Studies in the Historical Jesus Justin J. Meggitt, 2023-08-29 Studies in the Historical Jesus Anarchy Miracles and Madness is a selection of key essays on the historical figure of Jesus published over the last fifteen years by Justin J Meggitt Each addresses a central question in the study of Jesus and his context from the role of myth in the creation of traditions about him and the historicity of his miracles to the problem of his politics and the reasons for his execution The collection brings fresh perspectives and new data to bear on enduring debates and demonstrates the value of history from below in making sense of the historical Jesus and the world that made him
