Sose Alive Topics Introducing Asia:

Introducing Asia Maggy Saldais, 2005 YEARS 7 8 SOSE Alive Topic Books are a great idea for customising your SOSE Humanities HSIE study to suit your course. They can be used either in conjunction with Jacaranda's SOSE Alive series or independently. They share the same stunning features as the SOSE Alive series. You will discover how many people view Asia and why attitudes are changing, what Asia's landforms and climate are like, why there is so much diversity in Asia, why Australia and Asia have developed such strong trade and tourism links. Teacher support material including answers is also available for *Introducing Asia* on Jacaranda's website www.jaconline.com.au/sosealive/home/topicbooks.html **East Asia in the World** Anne Prescott, 2015-05-15 From the Foundations in Global Studies series, this text offers students a fresh comprehensive multidisciplinary entry point to East Asia. After a brief introduction to the study of East Asia, the early chapters of the book survey the essentials of East Asian history, important historical narratives, and the region's languages, religions, and global connections. Students are guided through the material with relevant maps, resource boxes, and text boxes that support and guide further independent exploration of the topics at hand. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or region and a particular issue. Each chapter gives a flavor for the cultural distinctiveness of the particular country, yet also draws attention to global linkages. Readers will come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped East Asia as we know it today, and of current issues that have relevance in Asia and beyond. *Introducing Asia* Anita Ganeri, 2013-07 Where is Mandarin spoken?
