Sandra Ingerman,2010-05-05 From cross cultural legends recounting shamanic cures to the biblical accounts of the parting of the Red Sea and Jesus multiplying the loaves and fishes many spiritual traditions are rich in stories about seemingly inexplicable transformations of the natural world The ancient healing art of transmutation in which toxic substances are transformed into safe substances is mentioned in all the world s great spiritual traditions including Hinduism and Taoism And while many have tapped this body of work to heal the self it has yet to be used to heal our environment For twenty years Sandra Ingerman has studied alternative ways to reverse environmental pollution In this book Ingerman takes us on a remarkable journey through the history of transmutation teaching us how we can use this forgotten technique to change ourselves and our environment She provides us with creative visualizations ceremonies rituals and chants derived from ancient healing practices that produce miraculous scientifically proven results In one dramatic illustration of what can be accomplished when consciousness and awareness fuel our actions Ingerman describes her own success in transforming the nature of chemically polluted water **An Encyclopedia of Shamanism Volume 2** Christina Pratt,2007-08-01 Shamanism

can be defined as the practice of initiated shamans who are distinguished by their mastery of a range of altered states of consciousness Shamanism arises from the actions the shaman takes in non ordinary reality and the results of those actions in ordinary reality It is not a religion yet it demands spiritual discipline and personal sacrifice from the mature shaman who seeks the highest stages of mystical development The Last Adventure of Life Maria Dancing Heart,2008 A tool for healing and prayer this book aims to assist anyone who is grieving preparing to die caring for loved ones who are ill or interested in exploring different ways to view spirituality and death It offers an introduction to hospice and includes inspirational stories poetry scripture prayers and guided meditations The Development of Logic in Adulthood Jan D.
