Soul Matters Mabel Aghadiuno, Jas Kalsi, 2017-11-22 In recent years many have come to believe that Western medicine has lost contact with holistic conceptions of health as encompassing physical emotional intellectual social and spiritual dimensions Spiritual may imply religious or faith based values or experience but also non material factors such as an appreciation of natural beauty art music moral values or beliefs from which a person draws meaning and a sense of transcendence Equally many people are unaware of a spiritual dimension to life and health until illness or trauma strikes However coming to terms with life events deriving meaning from them and incorporating them into their life philosophy may then be experienced as a deep spiritual crisis with ramifications in their wider health and implications for the health professionals who treat them This book considers the meaning of holistic health care and explores the spiritual dimension of health through the narratives of fictional and non fictional patients It discusses how to discern when a patient's distress has a spiritual dimension the implications of this for health professionals and ways in which spiritual factors can be addressed and discussed within healthcare When it comes to questions about meaning and purpose such as what is the point of all this A or why is this happening to me A when we meet patients in the depths of despair at the prospect of imminent death when we ourselves feel hopeless and overwhelmed in the face of an avalanche of human suffering then we begin to struggle We do not know what we could do nor even what we should do Our professional training doesn't help We are stuck With this beautiful book Mabel Aghadiuno comes to our rescue Christopher Dowrick in his Foreword *Soul Matters: Modern Science*

*Confirming Ancient Wisdom* Jeanne-Rachel Salomon PhD, 2019-02-13 In shamanic understanding trauma signifies soul loss To restore a person to wholeness the shaman journeys into non ordinary reality to retrieve the person's lost soul essence and restores it to the client in ordinary reality Shamans knew intuitively that existence is a product of consciousness and that soul requires body to enter physicality and body requires soul to express life Yet there is only a set amount of physical pain and mental emotional disturbance that an embodied soul can tolerate Out of self preservation a part of the soul leaves just prior to the trauma impact and retreats unharmed into non ordinary reality away from physical ordinary reality This book presents the author's unique and creative research into the millennia old shamanic healing modality of Soul Retrieval Dr Salomon found that the fundamentals of the shamanic healing method are aligned with quantum principals and that the phenomenon of soul leaving and soul returning happens on the quantum level of existence The results of her study confirm the relevance of quantum physics tenets of non locality tangled hierarchy and discontinuity inside shamanic healing Shamanism is not well understood by most people Dr Salomon has the intelligence and willingness to do the hard work to bring the validity and reliability of good science to the public Her thoroughness of a difficult subject is clear and understandable A must read for anyone interested in learning about the laws of the universe and how it affects each of us every day Jeffrey L Fannin Ph D

**Soul Matters** Sara Ahbel-Rappe, Danielle A. Layne, Crystal Addey, 2023-10-27 Platonic discourses concerning the soul are

incredibly rich and multitiered Plato's own diverse and disparate arguments and images offer competing accounts of how we are to understand the nature of the soul. Consequently, it should come as no surprise that the accounts of Platonists who engage Plato's dialogues are often riddled with questions. This volume takes up the theories of well-known philosophers and theologians including Plato, Plotinus, Proclus, the emperor Julian, and Origen, as well as lesser-known but equally important figures in a collection of essays on topics such as transmigration of the soul, the nature of the Platonist enlightenment experience, soul and gender, pagan ritual practices, Christian and pagan differences about the soul, mental health and illness, and many other topics. Contributors include Crystal Addey, Sara Ahbel Rappe, Dirk Baltzly, Robert Berchman, Jay Bregman, Luc Brisson, Kevin Corrigan, John Dillon, John F. Finamore, Lloyd P. Gerson, Dorian Gieseler Greenbaum, Elizabeth Hill, Sarah Klitenic Wear, Danielle A. Layne, Ilaria L. E. Full Circle Tsunoyota Kohe't,2003      **RIISING TO MEET OUR TRANSFORMATION** William E Leahy,2014 Rising To Meet Our Transformation began as a few thoughts that mushroomed into many ideas that were in my poetic brain flow for quite awhile Thus I began putting these thoughts into a wide array of poems on paper Some of these poetic ideas the reader may closely relate to yet other poetic words may still be more personal and private As I wrote I allowed the flow of words and ideas to make their impact then I changed and rearranged where the order and actual word composition required a better flow Transformation was the key ingredient of this book and in many instances it will be just that Nonetheless there are poetic thoughts that relate to a different type of change which may not be totally transforming but at the same time be identifiable My hope is that there will be an adequate array of poems that would spark the audience Transformation requires a radical change in our thinking which translates into our personal life and living Often we change to survive or become enamoured with a new idea that fills our void so we change while our surroundings remain somewhat intact Yet in real time our environment will recreate itself so we will eventually be transformed into a new age so let us begin Bill Leahy December 2013      **Plotinus** Eyjólfur K. Guide reads the Gospel of Mark as a 1st century CE story about Jesus for his followers and against tyranny or the abusive use of power First the book shows students how the Gospel uses the form of a traditional laudatory biography a Life to reshape the memory of the shame ridden trials and suffering of Jesus Such a biography portrayed Jesus descent as a son of God his deeds and his heroic death dispelling any notion that the teacher Jesus was a charlatan or huckster Second Smith demonstrates how the Gospel devotes a great deal of space to Jesus training of his disciples as he calls commissions and corrects them in preparation for the difficult moments of their journey Third Smith highlights the Gospel s special characterizations of Jesus as a prophetic envoy a man of authority and a philosophical hero contrasting Jesus use of power with the abusive use of power by Rome s representatives Herod Antipas and Pilate **The Unitarian Advance** ,1917
