Sir James Mackenzie 1853 1925:

Sir James Mackenzie, M.D., 1853-1925 Alex Mair, 1986 Sir James Mackenzie MD Alex Mair, 1986 **A History of Electrocardiography** George Edward Burch, Nicholas P. DePasquale, 1990 *The Transformation of the Psyche in British Primary Care, 1870-1970* Rhodri Hayward, 2014-02-25

Conflicting models of selfhood have become central to debates over modern medicine Yet we still lack a clear historical account of how this psychological sensibility came to be established The Transformation of the Psyche in British Primary Care 1880 1970 will remedy this situation by demonstrating that there is nothing inevitable about the current connection between health identity and personal history It traces the changing conception of the psyche in Britain over the last two centuries and it demonstrates how these changes were rooted in transformed patterns of medical care The shifts from private medicine through to National Insurance and the National Health Service fostered different kinds of relationship between doctor and patient and different understandings of psychological distress The Transformation of the Psyche in British Primary Care 1880 1970 examines these transformations and in so doing provides new critical insights into our modern sense of identity and changing notions of health that will be of great value to anyone interested in the modern history of British medicine
