Rural Space in the Middle Ages and Early Modern Age Albrecht Classen, 2012-05-29 Older research on the premodern world limited its focus on the Church the court and more recently on urban space The present volume invites readers to consider the meaning of rural space both in light of ecocritical readings and social historical approaches While previous scholars examined the figure of the peasant in the premodern world the current volume combines a large number of specialized studies that investigate how the natural environment and the appearance of members of the rural population interacted with the world of the court and of the city The experience in rural space was important already for writers and artists in the premodern era as the large variety of scholarly approaches indicates The present volume signals how much the surprisingly close interaction between members of the aristocratic and of the peasant class determined many literary and art historical works In a surprisingly large number of cases we can even discover elements of utopia hidden in rural space We also observe how much the rural world was a significant element already in early medieval mentality Moreover as many authors point out the impact of natural forces on premodern society was tremendous if not catastrophic

The Fayre Formez of the Pearl Poet Sandra Pierson Prior, 2012-01-01 This book differs from most previous studies of the Pearl poet by treating all of his works as a whole Prior's purpose is to identify the underlying poetics of this major body of English poetry Drawing on both the visual imagery of medieval art the study includes 18 full page illustrations and the verbal imagery of the Bible and other literary sources Prior shows how the poet's fayre formez are the result of a coherent and self-conscious view of the artist's craft

Sir Gawain and the Green Knight Michael Smith, 2018-07-26 It is New Year at Camelot and a mysterious green knight appears at King Arthur's court Challenging the knights of the Round Table to a Christmas game he offers his splendid axe as a prize to whoever is brave enough to behead him with just one strike The condition is that his challenger must seek him out in a year and a day to have the deed returned Sir Gawain accepts and decapitates the stranger only to see him pick up his head walk out of the hall and ride away on his horse Now Gawain must complete his part of the bargain search for his foe and confront what seems his doom Michael Smith's translation of this magnificent Arthurian romance draws on his intimate experience of the North West of England and his knowledge of mediaeval history culture and architecture He takes us back to the original poetic form of the manuscript and brings it alive for a modern audience while revealing the poem's historic and literary context The book is beautifully illustrated by throughout with detailed recreations of the illuminated lettering in the original manuscript and the author's own linocut prints each meticulously researched for contemporary accuracy This is an exciting new edition that will appeal both to students of the Gawain poet and the general reader alike

Sir Gawain and the Classical Tradition E.L. Risdén, 2018-03-09 The 14th century English alliterative poem Sir Gawain and the Green Knight is admired for its morally complex plot and brilliant poetics A chivalric romance placed in an Arthurian setting it has since received acclaim for its commentary regarding important socio-political and religious concerns The poem's technical brilliance blends psychological depth and vivid language to produce an effect widely considered superior to any other work of the time Although the poem is a combination of English alliterative meter romanticism and a wide-ranging knowledge of Celtic lore continental materials and Latin classics the extent to which Classical antecedents affected or directed the poem is a point of continued controversy among literary scholars This collection of essays by scholars of diverse interests addresses this puzzling and fascinating question The introduction provides an expansive background for the topic and subsequent essays explore the extent to which classical Greek Roman Arabic Christian and Celtic influences are revealed in the poem's opening and closing allusions themes and composition Essays discuss the way in which the anonymous author of Sir Gawain employs figural echoes of classical materials cultural memoirs of past British tradition and romantic re-textualizations of Trojan and British literature It is argued that Sir Gawain may be understood as an Aeneas Achilles or Odysseus figure while the British situation in the 14th

century may be understood as analogous to that of ancient Troy
