When the Sisters Said Farewell Michael P. Caruso,2012-03-11 When the Sisters Said Farewell tells an important story of the contributions of Catholic elementary schools to the United States by chronicling the experiences and insights of religious women nuns who were the last members of their communities to serve in parish elementary schools and of those lay men and women who were the first to serve in those roles traditionally filled by the sisters The dramatic numerical transition from the preponderance of religious women to lay leadership from the 1960s to the 1980s has been documented this book describes the how and why sisters left Catholic schools This narrative also provides instructive insights about leadership transitions and current trends in religious life and Catholic education As all educators in Catholic private and public schools grapple with questions of delivering an excellent education this book offers a glimpse into the workings of one of the most amazing educational enterprises in the history of the United States Listen to a Sirius Radio interview with Fr Michael P Carus here

The New Nuns Amy L. Koehlinger,2007-04-30 In the 1960s a number of Catholic women in the U S abandoned traditional apostolic works to experiment with new and often unprecedented forms of service among non Catholics Koehlinger explores this phenomenon through close examination of one of its most visible forms the experience of white sisters working in African American communities **Sisters** John J. Fialka,2004-01-19 Nuns became the nation s first cadre of independent

Apostolic Religious Life in America Today Richard Gribble,2011-08-17 Apostolic religious life in the United States today is in a state of crisis Signs of this situation are readily apparent and well known to all who practice Roman Catholicism The significant decline in the number of priests and religious and fewer vocations to religious congregations have produced a severe blow to formerly active apostolates and brought grave concern for the future of these ministries While the reasons for this present situation are complex interpretation of the documents of Vatican II is clearly one very important factor Scholars hold two basic interpretations of the Council the hermeneutic of rupture sees the Council as a revolution which placed the

Church on a completely new trajectory A second hermeneutic however views the Council as reform with continuity While most literature to date has analyzed the hermeneutic of rupture and the consequent transformation of apostolic religious life this book describes the opposite position Divided into two parts this volume first presents an analysis of the problem and secondly a solution to place apostolic religious life on a positive trajectory in the 21st century The first section of this book describes how the hermeneutic of rupture is an incorrect reading of Vatican II Rather the Council in addressing numerous issues did not break from the past but rather sought to understand Church teaching in more contemporary ways but with continuity to the Tradition Essays in this section describe this misreading of Vatican II the consequent misunderstanding of the evangelical counsels and the rejection of religious signs The second section through an analysis of the writings of Hans Urs von Balthasar Basile Moreau Pope Benedict XVI and a reflection on *Perfectae Caritatis* provides a solution of Christian love as the operative way to reform apostolic religious life today

ABOUT THE EDITOR Richard Gribble C S C is professor of religious studies at Stonehill College He has written four critical biographies including *American Apostle of the Family Rosary The Life of Patrick J Peyton C S C* and *An Archbishop for the People The Life of Edward J Hanna* He is a frequent contributor to many journals including *The Catholic Historical Review* *American Catholic Studies* and the *Journal of Church and State*

PRAISE FOR THE BOOK This book is a true service to those seeking to understand consecrated apostolic life whether they are themselves members of religious orders and congregations or are among those who love the vocation esteem religious Sisters and desire that this calling be strengthened in the Church

Francis Cardinal George O M I Archbishop of Chicago Finally a book that explains why some attempts of religious congregations to renew themselves after Vatican II succeeded and why so many failed Understanding the radical nature of what the vows really require of a religious community is no small achievement The vision of religious consecration set forth in these essays will be a fine road map for the many new groups springing up out of a desire to serve Christ and the Church

Joseph W Koterski S J Professor of Philosophy Fordham University Without a doubt religious life in America today is at a turning point We are well aware of the factors that have brought us to this moment The more interesting and important question is where do we go from here Some have predicted the death of consecrated life as we know it while others have anticipated renewal and re birth This volume indeed views all of religious life in the continuum of the Lord s Paschal Mystery death and resurrection but gives us hope that the call to follow the Lord through the evangelical counsels is far from its predicted end
