SKETCHES FOR A LIFE OF MASSILLY

# Sketches For A Life Of Wassily

**Vanessa Guignery, Wojciech Drąg**

## **Sketches For A Life Of Wassily:**

**Sketches for a Life of Wassily** Lydia Davis, 1981      **The Poetics of Fragmentation in Contemporary British and American Fiction** Vanessa Guignery, Wojciech Drąg, 2019-12-02

The last decades have seen a revival of fragmentation in British and American works of fiction that deny linearity coherence and continuity in favour of disruption gaps and fissures. Authors such as Ali Smith, David Mitchell and David Shields have sought new ways of representing our global media saturated contemporary experience which differ from modernist and postmodernist experimentations from which the writers nevertheless draw inspiration. This volume aims to investigate some of the most important contributions to fragmentary literature from British and American writers since the 1990s with a particular emphasis on texts released in the twenty first century. The chapters within examine whether contemporary forms of literary fragmentation constitute a return to the modernist episteme or the fragmented literature of exhaustion of the 1960s mark a continuity with postmodernist aesthetics or signal a deviation from past models and an attempt to reflect today's accelerated culture of social media and over communication. Contributors theorise and classify literary fragments, examine the relationship between fragmentation and the Zeitgeist influenced by globalisation, media saturation and social networks, analyse the mechanics of multimodal and multimedial fictions and consider the capacity of literary fragmentation to represent personal or collective trauma and to address ethical concerns. They also investigate the ways in which the architecture of the printed book is destabilised and how aesthetic processes involving fragmentation, bricolage and or collage raise ontological, ethical and epistemological questions about the globalised contemporary world we live in and its relation to the self and the other. Besides the aforementioned authors, the volume makes reference to the works of J.G. Ballard, Julian Barnes, Mark Z. Danielewski, David Markson, Jonathan Safran Foer, David Foster Wallace, Jeanette Winterson and several others.

**Break It Down** Lydia Davis, 2008-09-16

These stories offer a peephole into a distinct fictional world; they attest to the author's gift as an observer and archivist of emotion. The New York Times: The thirty four stories in this seminal collection powerfully display what have become Lydia Davis's trademarks: dexterity, brevity, understatement and surprise. Although the certainty of her prose suggests a world of almost clinical reason and clarity, her characters show us that life, thought and language are full of disorder. Break It Down is Davis at her best. In the words of Jonathan Franzen, she is a magician of self consciousness. Praise for Lydia Davis: Davis is one of the most precise and economical writers we have. Dave Eggers, McSweeney's. An American virtuoso of the short story form. Salon: The best prose stylist in America. Rick Moody: Davis has a capacity to make language unleash entire states of existence. Siddhartha Deb, The New York Times.

**Story, and Other Stories** Lydia Davis, 1983      **Twonism II (Thoughts, Essays, and Poems on Life and Art)** Premium Paperback Edition Damon Freed,      **The Art Theory of Wassily Kandinsky, 1909-1928** Christopher Short, 2010

Kandinsky's theory of art has usually been treated as little more than a guide to help our understanding of his paintings. In contrast, this book attends primarily to the artist's writings on art; thus, his art theory is

treated on its own terms Drawing on the diverse literature that has been written on Kandinsky s art and theory the author demonstrates that while many different perspectives on his work have been identified none holds the key to that work Instead the book shows Kandinsky s method in his writings to be highly eclectic resulting in an exciting and challenging variety of content a description that also applies as a postscript to the book shows to his method in painting Kandinsky however transcended this diversity and consistently sought evidence of the unity of all things something that would be realised through his understanding of the term synthesis The book follows Kandinsky s fascinating attempts to establish synthesis not only in art but also in other disciplines including science mathematics law and politics in his key theoretical publications *On the Spiritual in Art* 1911 and *Point and Line to Plane* 1926 The result is a new and innovative understanding of both Kandinsky s art theory and his art Small Press Record of Books in Print Len Fulton,1988 **Wassily Kandinsky, 1866-1944** Hajo Düchting,Wassily Kandinsky,2000 The founder of abstract art The Russian painter Wassily Kandinsky 1866 1944 who later lived in Germany and France is one of the pioneers of twentieth century art Nowadays he is regarded as the founder of abstract art and is moreover the chief theoretician of this type of painting Together with Franz Marc and others he founded the group of artists known as the *Blauer Reiter* in Munich His art then freed itself more and more from the object eventually culminating in the *First Abstract Watercolour* of 1910 In his theoretical writings Kandinsky repeatedly sought the proximity of music and just as in music where the individual notes constitute the medium whose effect stems from harmony and euphony Kandinsky was aiming for a pure concord of colour through the interplay of various shades Gauguin had demanded that everything must be sacrificed to pure colours Kandinsky was the first to realise this and thus to influence a whole range of artists About the Series Each book in TASCHEN s Basic Art series features a detailed chronological summary of the life and oeuvre of the artist covering his or her cultural and historical importance a concise biography approximately 100 illustrations with explanatory captions **Art Books** Wolfgang M. Freitag,1997 Expanded to twice as many entries as the 1985 edition and updated with new publications new editions of previous entries titles missed the first time around more of the artists own writings and monographs that deal with significant aspects or portions of an artist s work though not all of it The listing is alphabetical by artist and the index by author The works cited include analytical and critical biographical and enumerative their formats range from books and catalogues raisonnées to exhibition and auction sale catalogues A selection of biographical dictionaries containing information on artists is arranged by country Annotation copyrighted by Book News Inc Portland OR *Art and Culture: Abstract Art: Lines, Rays, and Angles* Saskia Lacey,2017-09-01 Students will develop their geometry skills as they study the geometric shapes of modern art and read about the innovative artists who turned the art world upside down This book seamlessly integrates the teaching of math and reading and uses real world examples to teach geometry concepts Text features include a glossary an index captions and a table of contents to increase students vocabulary and reading comprehension skills as they interact with the text The rigorous practice problems math charts and diagrams

and sidebars provide many opportunities for students to practice their developing math skills and apply what they've learned to their everyday lives. Math Talk provides an in-depth opportunity for further thinking requiring the use of higher order thinking skills.

## Enjoying the Beat of Phrase: An Psychological Symphony within **Sketches For A Life Of Wassilly**

In a global used by displays and the ceaseless chatter of fast interaction, the melodic beauty and psychological symphony developed by the written word frequently disappear into the background, eclipsed by the constant sound and interruptions that permeate our lives. But, located within the pages of **Sketches For A Life Of Wassilly** a charming literary prize full of fresh thoughts, lies an immersive symphony waiting to be embraced. Constructed by an outstanding composer of language, that fascinating masterpiece conducts viewers on an emotional trip, skillfully unraveling the hidden songs and profound influence resonating within each carefully constructed phrase. Within the depths of this poignant analysis, we will explore the book is main harmonies, analyze its enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
