Song Of The Water Saints:

Song of the Water Saints Nelly Rosario, 2007-12-18 This vibrant provocative d but novel explores the dreams and struggles of three generations of Dominican women Graciela born on the outskirts of Santo Domingo at the turn of the century is a headstrong adventuress who comes of age during the U S occupation Too poor to travel beyond her imagination she is frustrated by the monotony of her life which erodes her love affairs and her relationship with Mercedes her daughter Mercedes abandoned by Graciela at thirteen turns to religion for solace and after managing to keep a shop alive during the Trujillo dictatorship emigrates to New York with her husband and granddaughter Leila Leila inherits her great grandmother Graciela's passion driven recklessness But caught as she is between cultures her freedom arrives with its own set of obligations and dangers The Image of the River in Latin/o American Literature Jeanie Murphy, Elizabeth G. Rivero, 2017-12-20 Although fictional and often fantastic representations of nature have been a distinguishing feature of Latin American literature for centuries ecocriticism understood as the study of literature as it relates to depictions of the natural world environmental issues and the ways in which human beings interact and identify with their natural surroundings did not emerge as a field of scholarly interest in the region until the end of the twentieth century. This volume employs an ecocritical lens in order to explore and question the use of the river imagery in Latino and Latin American literature from the colonial period to our modern world creating a space in which to examine both its literal and figurative meanings associated as much with processes of a personal nature as with those of the collective experience in the region The slow meandering streams of nostalgia the raging currents of conflict or the stagnant waters of social decay are just a few of the ways in which the river has become an important symbol and inspiration to many of the region s writers This book offers a diverse collection of writings that through a trans historical and trans geographical perspective allows us from the vantage point of the twenty first century to reflect on the rich and dynamic image of the river and by extension on the vital context of Latin o America its people and societies Geographies of Relation Theresa Delgadillo, 2024-09-03 Geographies of Relation offers a new lens for examining diaspora and borderlands texts and performances that considers the inseparability of race ethnicity and gender in imagining and enacting social change Theresa Delgadillo crosses interdisciplinary and canonical borders to investigate the interrelationships of African descended Latinx and mestizx peoples through an analysis of Latin American Latinx and African American literature film and performance Not only does Delgadillo offer a rare extended analysis of Black Latinidades in Chicanx literature and theory but she also considers over a century s worth of literary cinematic and performative texts to support her argument about the significance of these cultural sites and overlaps Chapters illuminate the significance of To a La Negra in the Golden Age of Mexican cinema reconsider feminist theorist Gloria Anzald a s work in revising exclusionary Latin American ideologies of mestizaje delve into the racial and gender frameworks Sandra Cisneros attempts to rewrite unpack encounters between African Americans and Black Puerto Ricans in texts by James Baldwin and Marta Moreno Vega

explore the African diaspora in colonial and contemporary Peru through Daniel Alarc n s literature and the documentary Soy Andina and revisit the centrality of Black power in ending colonialism in Cuban narratives Geographies of Relation demonstrates the long histories of networks and exchanges across the Americas as well as the interrelationships among Indigenous Black African American mestizx Chicanx and Latinx peoples It offers a compelling argument that geographies of relation are as significant as national frameworks in structuring cultural formation and change in this hemisphere Cambridge History of Latina/o American Literature John Morán González, Laura Lomas, 2018-02-22 The Cambridge History of Latina o American Literature emphasizes the importance of understanding Latina o literature not simply as a US ethnic phenomenon but more broadly as an important element of a trans American literary imagination Engaging with the dynamics of migration linguistic and cultural translation and the uneven distribution of resources across the Americas that characterize Latina o literature the essays in this History provide a critical overview of key texts authors themes and contexts as discussed by leading scholars in the field This book demonstrates the relevance of Latina o literature for a world defined by the migration of people commodities and cultural expressions Fictions of Feminine Citizenship D. Francis, 2010-03-01 Reading novels by contemporary women in the Caribbean dyaspora alongside and against law history and anthropology the book argues that Caribbean women's sexuality has been mobilized for various imperialist and nationalist projects from the nineteenth century to present Bibliographic Guide to Chicana and Latina Narrative Kathy Leonard, 2003-08-30 There has been a dramatic increase in the amount of narrative work published by Chicana and Latina authors in the past 5 to 10 years Nonetheless there has been little attempt to catalog this material This reference provides convenient access to all forms of narrative written by Chicana and Latina authors from the early 1940s through 2002 In doing so it helps users locate these works and surveys the growth of this vast body of literature The volume cites more than 2 750 short stories novels novel excerpts and autobiographies written by some 600 Mexican American Puerto Rican Cuban American Dominican American and Nuyorican women authors These citations are grouped in five indexes an author title index title author index anthology index novel index and autobiography index Short annotations are provided for the anthologies novels and autobiographies Thus the user who knows the title of a work can discover the author the other works the author has written and the anthologies in which the author's shorter pieces have been reprinted along with information about particular works

Caribbean Literature in Transition, 1970-2020: Volume 3 Ronald Cummings, Alison Donnell, 2021-01-14 The period from the 1970s to the present day has produced an extraordinarily rich and diverse body of Caribbean writing that has been widely acclaimed Caribbean Literature in Transition 1970 2020 traces the region s contemporary writings across the established genres of prose poetry fiction and drama into emerging areas of creative non fiction memoir and speculative fiction with a particular attention on challenging the narrow canon of Anglophone male writers It maps shifts and continuities between late twentieth century and early twenty first century Caribbean literature in terms of innovations in literary form
