Songs of a Reluctant Poet, *Poems and ballads (1st-3rd series) Songs of the springtides. Songs before sunrise. Songs of two nations* Algernon Charles Swinburne, 1924 **Poetic Song Verse** Mike Mattison, Ernest Suarez, 2021-11-01 Poetic Song Verse Blues Based Popular Music and Poetry invokes and critiques the relationship between blues based popular music and poetry in the twentieth and twenty first centuries The volume is anchored in music from the 1960s when a concentration of artists transformed modes of popular music from entertainment to art that entertains Musician Mike Mattison and literary historian Ernest Suarez synthesize a wide range of writing about blues and rock biographies histories articles in popular magazines personal reminiscences and a selective smattering of academic studies to examine the development of a relatively new literary genre dubbed by the authors as poetic song verse They argue that poetic song verse was nurtured in the fifties and early sixties by the blues and in Beat coffee houses and matured in the mid to late sixties in the art of Bob Dylan the Beatles the Rolling Stones the Doors Jimi Hendrix Joni Mitchell Leonard Cohen Gil Scott Heron Van Morrison and others who used voice instrumentation arrangement and production to foreground semantically textured often allusive and evocative lyrics that resembled and engaged poetry Among the questions asked in Poetic Song Verse are What exactly is this new genre What were its origins And how has it developed How do we study and assess it To answer these questions Mattison and Suarez engage in an extended discussion of the roots of the relationship between blues based music and poetry and address how it developed into a distinct literary genre Unlocking the combination of richly textured lyrics wedded to recorded music reveals a dynamism at the core of poetic song verse that can often go unrealized in what often has been considered merely popular entertainment This volume balances historical details and analysis of particular songs with accessibility to create a lively intelligent and cohesive narrative that provides scholars teachers students music influencers and devoted fans with an overarching perspective on the poetic power and blues roots of this new literary genre **Poems and ballads (first series) Songs before sunrise, and songs of two nations. Helsinger, 2015-09-09 In arguing for the crucial importance of song for poets in the long nineteenth century Elizabeth Helsinger focuses on both the effects of song on lyric forms and the mythopoetics through which poets explored the affinities of poetry with song Looking in particular at individual poets and poems Helsinger puts extensive close readings into productive conversation with nineteenth century German philosophic and British scientific aesthetics While she considers poets long described as musical Alfred Lord Tennyson Gerard Manly Hopkins Emily Bront and Algernon Charles Swinburne Helsinger also examines the more surprising importance of song for those poets who rethought poetry through the medium of visual art Dante Gabriel Rossetti William Morris and Christina Rossetti In imitating song s

forms and sound textures through lyric s rhythm rhyme and repetition these poets were pursuing song s thought in a double sense They not only asked readers to think of particular kinds of song as musical sound in social performance ballads national airs political songs plainchant but also invited readers to think like song to listen to the sounds of a poem as it moves minds in a different way from philosophy or science By attending to the formal practices of these poets the music to which the poets were listening and the stories and myths out of which each forged a poetics that aspired to the condition of music Helsinger suggests new ways to think about the nature and form of the lyric in the nineteenth century The Cambridge book of poetry and songs Ch.
