radically affected the experience of different generations and the relationships between them *The Routledge Handbook of Methodologies in Human Geography* Sarah A. Lovell, Stephanie E. Coen, Mark W. Rosenberg, 2022-10-18 The Routledge Handbook of Methodologies in Human Geography is the defining reference for academics and postgraduate students seeking an advanced understanding of the debates methodological developments and methods transforming research in human geography Divided into three sections Part I reviews how the methods of contemporary human geography reflect the changing intellectual history of human geography and events both within human geography and society in general In Part II authors critically appraise key methodological and theoretical challenges and opportunities that are shaping contemporary research in various parts of human geography Contemporary directions within the discipline are elaborated on by established and emerging researchers who are leading ontological debates and the adoption of innovative methods in geographic research In Part III authors explore cross cutting methodological challenges and prompt questions about the values and goals underpinning geographical research work such as Who are we engaging in our research Who is our research for What are our relationships with communities Contributors emphasize examples from their research and the research of others to reflect the fluid emotional and pragmatic realities of research This handbook captures key methodological developments and disciplinary influences emerging from the various sub disciplines of human geography **The Social Impact of Sport**

Ramón Spaaij, 2019-07-09 This book critically examines the ways in which sports contribute to or inhibit social well being the directions these changes take and the conditions necessary for sport to have beneficial outcomes The themes addressed in the book demonstrate the diversity and versatility of the social impacts sport can potentially achieve as well as the variable benefits of sport in different social contexts The contributions are focused around four major themes Sport development and social change intended and unanticipated consequences Empowerment and personal change through sport Sport participation social inclusion and social change The impact of sport in society historical and comparative perspectives The volume constitutes the first scholarly attempt to locate compare and conceptualize the social impact of sport in different local national and international contexts Through international comparison and empirically grounded case studies the book provides an important new departure in the study of the social meanings of sport in society linking themes and areas that have previously been studied merely separately from one another This book was previously published as a special issue of *Sport in Society* *Interdisciplinary Unsettlings of Place and Space* Sarah Pinto, Shelley Hannigan, Bernadette Walker-Gibbs, Emma Charlton, 2019-04-25 This book brings together researchers from different fields traditions and perspectives to examine the ways in which place and space might be unsettled Researchers from across the humanities and social sciences have been drawn to the study of place and space since the 1970s and the term unsettled has been an occasional but recurring presence in this body of scholarship Though it has been used to invoke a range of meanings from the dangerous to the liberating the term itself has rarely been at the centre of sustained examination This collection

highlights the idea of the unsettled in the scholarly investigation of place and space The respective chapters offer a dialogue between a diverse and eclectic group of researchers crossing significant disciplinary and interdisciplinary boundaries in the process The purpose of the collection is to juxtapose a range of different approaches to and perspectives on the unsettling of place and space In doing so *Interdisciplinary Unsettlings of Place and Space* makes an important contribution and offers new insights into how scholarship and research into different fields and practices may help us re envision place and space

Research Design in Social Research David de Vaus, 2001-02-16 With this book David de Vaus has written one of the best general research methods textbooks around The use of different types of research design as the point of departure is a different and very helpful approach to take especially since many textbooks confuse issues of method and design The author outlines with great clarity a wide variety of issues including testing theories causation data analysis and the main considerations involved in using the different research designs covered Both students and their instructors will find this an extremely valuable well written book Professor Alan Bryman University of Loughborough A wonderful opportunity for research design students and practitioners to think more about the planning and process of research design Forum for Qualitative Social Research This book is intended to show social science students the importance of attending to design issues when undertaking social research One of the main problems in doing practical research is that design and structure are inappropriate for the uses of research They often do not support the conclusions that are drawn from it Several research methods books focus on data collection strategy and statistical analysis While these issues are pertinent this book argues that the core of research methods is the structure and design of the research The book provides students with a clear understanding of the importance of research design and its place in the research process describes the main types of research designs in social research explains the logic and purposes of design to enable students to evaluate particular research strategies equips students with the design skills to operate in real world research situations The book is divided into five parts Part One explores issues about types of research research concepts research questions causality and basic issues in the design process The remaining four parts focus on different types of research design Experimental longitudinal cross sectional and case study methods are clearly and systematically examined and their strengths and weaknesses are described The result is a one stop critical guide to design in social research that students and researchers will find invaluable

Methodological Challenges and New Approaches to Research in International Development L. Camfield, 2014-05-29 Development researchers face many challenges in producing robust and persuasive analyses often within a short time frame This edited volume tackles these challenges head on using examples from other fields to provide practical guidance to research producers and users Spaces of Masculinities Kathrin Hörschelmann, Bettina van Hoven, 2013-03-07 Changing circumstances in Western and global societies have introduced new constraints and opportunities for men and the formation of male identities Meanwhile the emerging diversity of atypical identities atypical when compared with traditional

conceptions of middle class white heterosexual men poses new challenges for the production and use of spaces Spaces of Masculinities provides a comprehensive introduction to the innovative and diverse research on spaces of masculinity Drawing on a variety of geographical research projects the central concern of the book is to highlight the significance of research on masculinity in sociological and geographical work dealing with constructions of gender

Social Inequality in Australia Daphne Habibis, Maggie Walter, 2009 Social Inequality Australia at the Crossroads provides comprehensive coverage of the key dimensions of the nature and extent of inequality and difference in Australian society Incorporating debates about the effects of globalization on inequality and difference in Australia it also considers the role of culture in the social reproduction of hierarchy and difference Arguments about the nature of inequality are tested against empirical evidence and case studies in each chapter provide examples to aid understanding

Urban Sociology, Capitalism and Modernity Mike Savage, Alan Warde, Kevin Ward, 2020-05-14 The long awaited second edition of this highly successful text on urban sociology retains the distinctive character and focus of the original while taking fully into account recent theoretical debates and new empirical research Expanded and thoroughly revised throughout it incorporates the substantial new literature on urban inequality urban culture urban politics and globalization It thus offers a comprehensive and up to the minute account of its subject ideal for study purposes at undergraduate level and beyond

Australian Sociology David Holmes, Kate Hughes, Roberta Julian, 2014-09-01 Australian Sociology 4e provides a concise and current introduction to the field of Sociology through an analysis of Australian society In doing so it draws on a diverse range of perspectives as well as a myriad of topics that go to issues at the core of Australian social life Our ever changing society presents continuing challenges to sociological analysis This new edition of Australian Sociology sets out to document these many changes while retaining an organised analysis required of an introductory overview of Australian society

Sustainable Family Farming and Yeoman Ideals Rena R. Henderson, 2021-12-30 Within the frame of family farming this book offers a longitudinal study of the Castra district in North West Tasmania from first European settlement to the end of the twentieth century It draws upon historical sources for yeomanry characteristics from Britain Canada the USA New Zealand and Australian mainland colonies to show how these characteristics were persistently supportive of family farming Surveying farming communities over several generations this book explores a range of topics including colonial surveying practices settler families motivation attributes and demographics the role of Methodism the ways children were inculcated into yeoman farming enterprises the role of women as companionate wives and the political participation of farmers in the public sphere The book also offers a new perspective of three commonly held myths of settlement failure the settlement of retired Anglo Indian military and civil officers in the 1870s the settlement of soldiers on small farms after the Great War and the claims that the ideal of yeoman family farming was anachronistic to capitalist commodity production The book draws from a wide selection of previously underused primary source materials including oral histories from current and past residents to provide a comprehensive overview of an

important aspect of rural Australian history The book is a valuable contribution to Australian historiography and will be a useful resource for students and scholars of rural history social history environmental history colonialism and sustainable agriculture

Pathways to Excessive Gambling Charlotte Fabiansson,2016-05-13 Pathways to Excessive Gambling draws upon extensive empirical research amongst young people and problem gamblers in Australia comparing it with situations in other territories to shed light on social recreational gambling and the ways in which this can lead to excessive gambling It highlights the relationship between the local community sports clubs governments social recreation economy and regulation of gambling venues identifying the social indicators that typify situations which commonly lead to excessive gambling By developing a society based perspective this volume recognizes problem gambling as an issue for the whole society rather than just the individual focusing on the availability of gambling and identifying its capacity as a construct to encourage or restrict the behaviour of the individual As such this book will be of significance to social scientists with interests in gambling young people social problems and the sociology of leisure and culture

The Dynamics of Hired Farm Labour A. Vandeman,J. Larson,J. Runyan,2002 Hired seasonal labour forms a significant part of the agricultural workforce in many countries Key topics covered in this book include changes in the hired farm workforce area studies and community impacts and responses and the need for community services
