The Mindful Home Dr Craig Hassed, Deirdre Hassed, 2015-11-01 A house is merely physical but a home is far more subtle and elusive This book takes the view that being at home is a metaphor for finding ourselves finding our core What do we find at our core Well if the world's great wisdom traditions have anything to say about it then home is about qualities that we could equate with good itself true happiness peace beauty wisdom and inspiration It is also about the good things in life such as harmony relationships health and wealth So how are we to find our core and create a home that reminds us of the qualities associated with it That is where the practice of mindfulness comes in By exploring the ways in which we feed our mind and our heart through our senses how we use space the practicalities of managing a home and how we can live a healthy and sustainable life at home The Mindful Home will enable us to shape the living space we really want creating an environment that both nurtures and invigorates us while meeting our needs Beautifully designed this is the ultimate guide to the art of conscious living Combines the two megatrends of Mindfulness and Home Improvement in a beautiful useful book which has attracted enormous pre publication interest around the world as the only book of its kind Chapters include Philosophy of The Mindful Home The Five Senses The Five spaces Home as a Healthier Environment
