rock flight Hasib Hourani, 2025-04-08 A powerfully moving debut poetry collection about the violence of colonialist occupation One more rock thrown onto the pile to tumble the mountain on my chest Hasib Hourani Hasib Hourani's rock flight is a book length poem that over seven chapters follows a single personal and historical narrative centered on the violent occupation of Palestine The poem uses refrains of suffocation rubble and migratory bird patterns to address the realities of forced displacement economic restrictions and surveillance technology that Palestinians face both within Palestine and across the diaspora Searing and fierce tender and pleading rock flight invites the reader to embark on an exploration of space while limited by the box like confines of the page Through the whole Hourani moves between poetry and prose historical events and meditations on language Fluxus like instructions and interactions with friends strangers and family As incantatory and stirring as Inger Christensen's alphabet or Ra l Zurita's Inri rock flight adapts themes of displacement and refusal into an interactive reading experience where the book becomes an object in flux
