J. Girardot, 1988 *Myth and Meaning in Early Daoism* examines some of the earliest texts associated with the Daoist tradition primarily the Daode jing Zhuangzi and Huainanzi from the outlook of the comparative history of religions and finds a kind of thematic and soteriological unity rooted in the mythological symbolism of hundun the primal chaos being and principle that is foundational for the philosophy and practice of the Dao as creatio continua in cosmic social and individual life Dedicated to the proposition that ancient Chinese texts and traditions are often best understood from a broad interdisciplinary and interpretive perspective this work when it was written challenged many prevailing conceptions of the Daode jing and Zhuangzi as primarily philosophical texts without any religious significance or affinity with the later sectarian traditions While controversial and at times playfully provocative the methodology and findings of this book are still important for the ongoing scholarship about Daoism in China and the world **Ethnomusicology** E.D Kunst, 2012-12-06 This booklet hardly needs a preface the contents I think speak for themselves It contains a short and carefully brought up to date resume of all that I as a private University Lecturer in Amsterdam have tried to teach my pupils It is intended as a general introduction to ethnomusicology before going on to the study of the forms of separate music cultures I sincerely hope that those who wish to teach themselves and to qualify in this branch of knowledge will find a satisfactory basis for selftuition in the matter here brought together Regarding the possibility of a new edition any critical remarks or information as to possible desiderata would be very gratefully received J K PREFACE TO THE SECOND EDITION My request for critical remarks and desiderata has not been ignored My sincere thanks to all who took the trouble to let me know what they missed in my booklet Through their collaboration the contents have undergone a considerable improvement and enlargement as compared to the original edition issued in 1950 by the Royal Tropical Institute Amsterdam under the title *Musicologica* I have taken care to add many particulars from non European sources with the result that now the book is no longer so Europe centric as it was Furthermore I have done my best to mention in a special bibliography all the more important ethnomusicological publications

with the exception of those issued in the Russian Arabic Chinese Indonesian Javanese A Bibliography of the Hmong (Miao) of Southeast Asia and the Hmong Refugees in the United States ,1983 Ethnomusicology Jaap Kunst,2012-12-06
