 Resonator Blocks. Without Musical Notes Helen Winter, We call this series I don t read music since we are targeting
 beginners of all ages children teens parents grandparents Folk music traditionally is not learned from sheet music or notes
 Instead it is learned by repetition and from being passed from generation to generation We believe in this method of teaching
 which is easier and more enjoyable This book includes 63 familiar and easy to play folk songs and melodies Each song here is
 written with color circles and letter notes inside Most songs have been simplified and transposed for one octave Since this
 book is aimed at the absolute beginner without any knowledge of reading music we do not use here the classical music staff
 and do not show the note duration You can experiment with the duration on your own If you have very little music experience
 playing by note can be difficult It is easier to follow color coded circles with note letters By simply following the color circles
 you will sound like an experienced musician This songbook uses the Chroma Notes Colored Music System popular in the US

 music traditionally is not learned from sheet music or notes Instead it is learned by repetition and from being passed from
 generation to generation We believe in this method of teaching which is easier and more enjoyable The simple method of
 using circles as an aid allows the flexibility that existed in traditional ways of teaching We recommend finding each of these
 songs on YouTube and listening to the rhythm before beginning to play Our sheet music is only a guide The most important
