Authors Samuel Austin Allibone,1870 The Encyclopaedia Britannica ,1911 *A Literary History of the American West*
 Western Literature Association (U.S.),1987 Literary histories of course do not have a reason for being unless there exists the
 literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and
 dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write
 honestly about the American West believing that experiences long knowns to be of historical importance are also experiences
 that need and deserve a literature of importance *Reading Poetry* Tom Furniss,Michael Bath,2013-08-16 *Reading Poetry*
 offers a comprehensive and accessible guide to the art of reading poetry Successive chapters introduce key skills and critical
 or theoretical issues enabling users to read poetry with enjoyment insight and an awareness of the implications of what they
 are doing This new edition includes a new chapter on Post colonial Poetry a substantial increase in the number of end of
 chapter interactive exercises and a comprehensive Glossary of poetic terms Not just an add on the Glossary works as a key
 resource for the structuring of particular topics in any individual teaching or learning programme Many of the exercises and
 interactive discussions develop not only the skills of competent close reading but also the necessary confidence and
 experience in locating historical and other contextual information through library or internet searches The aim is to enhance
 readers literary and scholarly competence and to make it fun A ^ACentury of Sonnets Paula R. Feldman,Daniel
 Robinson,2002-12-20 *A Century of Sonnets* is a striking reminder that some of the best known and most well respected
 poems of the Romantic era were sonnets It presents the broad and rich context of such favorites as Percy Bysshe Shelley s
 Ozymandias John Keats s On First Looking Into Chapman s Homer and William Wordsworth s Composed Upon Westminster
 Bridge by tracing the sonnet revival in England from its beginning in the hands of Thomas Edwards and Charlotte Smith to
 its culmination in the poetry of Elizabeth Barrett Browning and Dante Gabriel Rossetti Expertly edited by Paula R Feldman
 and Daniel Robinson this volume is the first in modern times to collect the sonnets of the Romantic period many never before
 published in the twentieth century and contains nearly five hundred examples composed between 1750 and 1850 by 81 poets
 nearly half of them women *A Century of Sonnets* includes in their entirety such important but difficult to find sonnet
 sequences as William Wordsworth s The River Duddon Mary Robinson s Sappho and Phaon and Robert Southey s Poems on
 the Slave Trade along with Browning s enduring classic Sonnets from the Portuguese The poems collected here express the
 full sweep of human emotion and explore a wide range of themes including love grief politics friendship nature art and the
 enigmatic character of poetry itself Indeed for many poets the sonnet form elicited their strongest work *A Century of Sonnets*
 shows us that far from disappearing with Shakespeare and the English Renaissance the sonnet underwent a remarkable
 rebirth in the Romantic period giving us a rich body of work that continues to influence poets even today The Yellow
