 conventional scholarship on Milton and modernity Lee Morrissey recasts Paradise Lost Paradise Regained and Samson

 incisive engagement with narrative form and genre Morrissey shows how each work considered specifically as a fiction
 grapples with the vicissitudes of a modern world characterised more by paradoxes ambiguities subversions and shifting
 temporalities than by any rigid historical periodization The interpretations made possible by this book are as invaluable as
 they are counterintuitive opening new definitions and stimulating avenues of research for Milton students and specialists as
 well as for those working in the broader field of early modern studies Morrissey invites us to rethink where Milton stands in

Becker, Robert J. Dilligan, Todd K. Bender, 2016-05-05 First published in 1981 A Concordance to the Poems of John Keats intended to provide the user with a volume suitable to the varying and increasingly specialised interests of scholarship This title offers a high degree of inclusiveness that attends to the poems and plays the emended and authoritative headings and virtually all of the variant readings considered substantive in the riches of the Keats manuscript materials This title will be of interest to students of literature **A Different Mickiewicz** Michal Kuziak, 2022 The Mickiewicz who emerges from the texts included herein is an artist whose work centers on the experience of modernity an attempt to diagnose it and to formulate his own response At the same time that response takes divergent forms in the poet's work from acceptance through rejection to paraphrase and reworking of no less importance is the concealed presence of modernity in his work The Mickiewicz of A Different Mickiewicz is above all a writer of contradictions aporias and an experience that is impossible and simultaneously necessary it is defined by many orders of meanings that differentiate his texts formulations of the problems they address This phenomenon manifests itself in the poet's writings in connection with the formula of writing the category of subjectivity including the author's subjectivity the vision of history the experience of reality the construction of ideological and cultural projects problems of cognition and religion
