*American Playwrights Since 1945* Philip Kolin, 1989-01-23. This is a study of the state of research on and history of performances of 40 American playwrights including major mainstream, ethnic and regional playwrights. The essays list their published and unpublished plays as well as their other works, document the performances, identify bibliographies, biographies, critical studies and analyses of the plays and discuss the critical reception. The volume deals with production histories, covering critics, actors, directors and theater companies that have contributed as much to theater as the playwrights themselves. It also discusses original screenplays and identifies writing on younger playwrights on whom research has just begun. ISBN 0 313 25543 1 66 00.
