The Fascinated God Robert E. Zinser, 2003-10 I loved her inasmuch as day one and when day two came I married her on day three she made me a gallant father to three beautiful kids On day four we sat on our porch and watch our grand children play hide and seek When day fi ve arrived she planted a kiss on my lips before she fl oated up the sky On day fi ve and a quarter my heart could no longer exist a second without saliva from a soul mate when day fi ve and a half and seven seconds came I accepted her hands for a prom dance in heaven Now every morning we lay under our fi rst date bridge with anticipation we watch legend sun rise with a kiss A Spirituality That Secularizes Emerito P. Nacpil, 2015-03-17 Bishop Nacpil s book connects the creator with the creation It deals with the longing for the elusive and unfathomable something that strengthens reader s relationship with the creator It delves into his or her relationship with God and God s relationship with the person as an unbreakable bond which Bishop Nacpil describes as a spirituality that secularizes He describes how the Spirit is at work within each person empowering them to make choices that promote preserve and enrich creation Without the Spirit everyone would float above their vessel of clay rather than fully living in it The book enables the reader to see not only a meaningful wholeness out of his or her frenzied life but also that the good each person do in the secular world is their active participation in the work of the Spirit **Wise Women** Susan Cahill, 1997 Spiritual experience is a liberating source of women s identity and their resistance to oppression This deeply moving collection of memoirs stories poetry letters prayers and theologies is a source of empowering and uplifting thought for women in any time at any age **Science and Religion** Gary B. Should God Get Tenure? David W. Gill, 2020-04-14 During the twentieth century theological and religious perspectives have been marginalized if not utterly excluded in many of our colleges and universities The essays in this book argue in different ways for the critical appreciative inclusion of theological and religious perspectives in higher education The contributors believe that even in our secular religiously disestablished era religion and God continue to occupy an important and dynamic role in personal and social life If our colleges and universities are to fulfill their higher aspirations of educating whole persons for the real world in all of its diversity and challenge we need to go bravely against the flow and give God tenure

Not for Nothing Peter William Armstrong, 2020-10-01 The early twenty first century doesn't feel like a promising time for an optimistic book when we are faced with the challenges of climate change the rise of fascism and the emptiness at the heart of our consumer society But now looking back at his life and inspired by the struggle of so many women and men for a better world Peter cannot believe that it has all been for nothing There may be no way of knowing for certain that the world has some ultimate meaning and purpose but finding reasons to believe changes everything Peter identifies as a Christian agnostic I don't know there is God but I believe in God In Not for Nothing Peter reveals an exultation in the meaningfulness of life a trusting belief in the mystery behind the world to which we can give the different names of God a celebration of the wonder of life in art and music a trust that everything

we love is not lost in death a commitment to moral and political action a sense of community in church worship stripped of stifling dogma and the mysterious vocation for each of us to become sons and daughters of God If that s what it means to be a Christian agnostic it s certainly not for nothing It means everything **The Love Story of Creation** Edward Ruetz,Ruetz Edward Ruetz,2010 A man awakens one day in a land of brilliant light Unsure of his surroundings he sees another man woman and their child surrounded by a pure crimson energy of love He soon realizes that the Divine Beings intend to use their energy of love to give birth to new beings And so begins an expanding Universe fueled by diverse particles woven by gravity s power into a massive web The Divine Beings empower atoms to be agents of creativity The first beings Quarkie and Photie join twelve atom friends and quadrillions of other atoms who manage to create billions of suns in billions of galaxies After the Divine Beings take the atom pals on journeys back to the past to visit other atom families the atom friends living in the Milky Way Galaxy are jolted by an exploding supernova and land on planet Earth where they eventually create the first living beings During the next two billion years they engage in a crucial mission the conception of the eukaryote cell which will determine all future creativity on Earth But just as they are certain of their success a momentous catastrophe threatens to end their creative journey **A ^ACatholic Modernity?** James L. Heft,1999-09-30 This book offers a series of reflections on the state of Christianity and especially Catholicism in the world today The centerpiece of the volume is a lecture by the renowned philosopher Charles Taylor from which the title of the book is taken The lecture delivered at Dayton University in January of 1996 offered Taylor the opportunity to speak about the religious dimensions of his intellectual commitment dimensions left implicitly in his philosophical writing In fact this is the only place where Taylor a Roman Catholic spells out his theological views and his sense of the cultural placement of Catholicism its history and trajectory He uses the occasion to argue against the common claim that obstacles to religious belief in modern culture are epistemic that they have to do with the triumph of the scientific worldview The real obstacles says Taylor are moral and spiritual having to do with the historic failures of religious institutions Four well known commentators on religion and society two Protestant two Catholic were invited to respond to Taylor s lecture William M Shea George Marsden Jean Bethke Elshtain and Rosemary Luling Haughton Their chapters offer a variety of astute reflections on the tensions between religion and modernity and in particular on the role that Catholicism can and should play in contemporary society The volume concludes with Taylor s perceptive and thoughtful response to his interlocutors A Catholic Modernity provides one of the most thoughtful conversations to date about the place of the Catholic Church in the modern world and more generally about the role of religion in democratic liberal societies **The Mythopoetics of Currere** Mary Aswell Doll,2018-04-19 In The Mythopoetics of Currere Doll uses depth psychology myth and literature to offer a new approach to currere the root of curriculum through essays exploring significant literary images that open doorways into the fictions that layer the self Offering a focus on the body queer love false belief strangeness otherness and chaos this book suggests new metaphors for understanding why currere is what
