## **Soulforger A Dragonlance Adventure:**

The Soulforger Terry Phillips,1985 The reader's decisions will determine the outcome of Raistlin's deadly test at the Towers of High Sorcery      The Soulforge Margaret Weis,2011-10-11 Discover the early history of Raistlin Majere one of Dragonlance's most complicated yet beloved characters in this prequel to the wildly popular Dragonlance Chronicles and Legends series A mage's soul is forged in the crucible of magic Raistlin Majere is six years old when he meets an archmage who enrolls him in a school for the study of magic Weak and frail and tormented by jealousy and inadequacy compared to his twin brother Caramon the gifted boy begins to forge his wizarding skills But shadows are darkening over Raistlin even as the same shadows lengthen over all of Ansalon As Raistlin's wizarding apprenticeship draws nearer to the end he must first take the Dread Test in the Tower of High Sorcery It will change his life forever The Soulforge is the first of two novels in The Raistlin Chronicles series followed by Brothers in Arms      **Dragons of Eternity** Margaret Weis,Tracy Hickman,2025-03-04 An intrepid woman and her friends have inadvertently altered the future of their world now they must try to restore time in this thrilling conclusion to the New York Times bestselling Dragonlance series When Destina Rosethorn and her companions were transported to a time centuries before their birth to the days of the Third Dragon War the Graygem of Gargath brought chaos to the battlefield and changed the course of history Upon returning to the Inn of the Last Home where their journey began Destina's party discovered a world completely changed The forces of evil now hold sway over their land The River of Time is rising flowing inexorably toward the present day Destina and her friends must make one last desperate attempt to restore time's river to its proper channel If they do not succeed the altered past will sweep over the present until no trace of their old world remains      Dragons of Fate Margaret Weis,Tracy Hickman,2024-03-05 A courageous heroine trapped in the distant past is determined to return to her own time without changing the shape of the world forever as the New York Times bestselling Dragonlance series continues in this thrilling sequel to Dragons of Deceit A clash of powerful magical forces sets off the Graygem of Gargath sending Destina Rosethorn and her companions deeper into the past than she intended to the age of Huma Dragonsbane and the Third Dragon War Now with the Device of Time Journeying shattered they must find another way back to their own era before the Graygem irrevocably alters history and the Third Dragon War ends in defeat for the forces of good While the battle rages on Destina tries desperately to make amends and prevent disaster Raistlin and Sturm encounter their heroes Huma and Magius and must reconcile the myths with the men And Tasslehoff shocked that the Knights of Solamnia have never heard of dragonlances sets out to find the famed weapons But as the forces of the Dark Queen close in on the High Clerist's Tower Destina's party must return to their own timeline together or not at all      Bowker's Guide to Characters in Fiction 2007 ,2008-02      *What Is Your Quest?* Anastasia Salter,2014-11-01 What Is Your Quest examines the future of electronic literature in a world where tablets and e readers are becoming as common as printed books and where fans are blurring the distinction between reader and author The construction of new ways of

storytelling is already underway it is happening on the edges of the mainstream gaming industry and in the spaces between media on the foundations set by classic games Along these margins convergent storytelling allows for playful reading and reading becomes a strategy of play One of the earliest models for this new way of telling stories was the adventure game the kind of game centered on quests in which the characters must overcome obstacles and puzzles After they fell out of fashion in the 1990s fans made strenuous efforts to keep them alive and to create new games in the genre Such activities highlight both the convergence of game and story and the collapsing distinction between reader and author Continually defying the forces of obsolescence fans return abandoned games to a playable state and treat stories as ever evolving narratives Similarly players of massive multiplayer games become co creators of the game experience building characters and creating social networks that recombine a reading and gaming community The interactions between storytellers and readers between programmers and creators and among fans turned world builders are essential to the development of innovative ways of telling stories And at the same time that fan activities foster the convergence of digital gaming and storytelling new and increasingly accessible tools and models for interactive narrative empower a broadening range of storytellers It is precisely this interactivity among a range of users surrounding these new platforms that is radically reshaping both e books and games and those who read and play with them
