The English Gentlemen's Wife:

The English Gentleman's Wife Douglas Sutherland, 1979 **THE ENGLISH GENTLEMAN'S WIFE DOUGLAS SUTHERLAND, 1979** *The Image of the English Gentleman in Twentieth-Century Literature* Christine Berberich, 2016-03-03 Studies of the English gentleman have tended to focus mainly on the nineteenth century encouraging the implicit assumption that this influential literary trope has less resonance for twentieth century literature and culture Christine Berberich challenges this notion by showing that the English gentleman has proven to be a remarkably adaptable and relevant ideal that continues to influence not only literature but other forms of representation including the media and advertising industries Focusing on Siegfried Sassoon Anthony Powell Evelyn Waugh and Kazuo Ishiguro whose presentations of the gentlemanly ideal are analysed in their specific cultural historical and sociological contexts Berberich pays particular attention to the role of nostalgia and its relationship to Englishness Though Englishness and by extension the English gentleman continue to be linked to depictions of England as the green and pleasant land of imagined bygone days Berberich counterbalances this perception by showing that the figure of the English gentleman is the medium through which these authors and many of their contemporaries critique the shifting mores of contemporary society Twentieth century depictions of the gentleman thus have much to tell us about rapidly changing conceptions of national class and gender identity *The English Noun Phrase* Evelien Keizer, 2007-08-09 English has an interesting variety of noun phrases which differ greatly in structure Examples are binominal two noun phrases a beast of a party possessive constructions the author's opinion and discontinuous noun phrases the review came out yesterday of his book How are these different noun phrases structured How do we produce and understand them These questions are central to this study which explores the interaction between the form of noun phrases their meaning and their use It shows how despite the need in linguistic analysis for strict categories many linguistic constructions in fact defy straightforward classification and concludes that in order to fully explain the internal structure of utterances we must first consider the communicative pragmatic and cognitive factors that come into play Drawing on a range of authentic examples this book sheds light not only on the noun phrase itself but also the nature of linguistic classification *The English Gentleman; and the English Gentlewoman: Both in One Volume Couched, and in One Modell Portrayed: to the Living Glory of Their Sexe, the Lasting Story of Their Worth. Being Presented to Present Times for Ornaments; Commended to Posterity for Presidents. With a Ladies-love Lecture, and a Supplement Lately Annexed, and Entituled The Turtle's Triumph ...* by Richard Brathwaite Esq Richard Brathwaite, 1641 [The English Gentleman Merchant at Work](#) Søren Mentz, 2005 During the seventeenth and eighteenth centuries servants in the East India Company established a private English trading network that was successful and highly competitive How was this development maintained seeing that the group of private merchants was constantly changing The answer must be found in the close ties connecting Madras with the City of London London was the financial centre of the British Empire as well as the generator of overseas expansion

Colonial societies in the West Indies and North America were economically and socially dependent upon the metropolis and so was Madras This book places the activities of the private merchants in Madras within the framework of the first British Empire It focuses on a hitherto neglected field of study uncovering a private trading network a diaspora built on gentlemanly capitalism trust and ethnicity Acting Charades, Or, Deeds Not Words Augustus Mayhew, Henry Mayhew, 1852 **The English Reports: Ecclesiastical, Admiralty, and Probate and Divorce**, 1919 V 1 11 House of Lords 1677 1865 v 12 20 Privy Council including Indian Appeals 1809 1865 v 21 47 Chancery including Collateral reports 1557 1865 v 48 55 Rolls Court 1829 1865 v 56 71 Vice Chancellors Courts 1815 1865 v 72 122 King s Bench 1378 1865 v 123 144 Common Pleas 1486 1865 v 145 160 Exchequer 1220 1865 v 161 167 Ecclesiastical 1752 1857 Admiralty 1776 1840 and Probate and Divorce 1858 1865 v 168 169 Crown Cases 1743 1865 v 170 176 Nisi Prius 1688 1867 **The Travels of an English Gentleman from London to Rome, on Foot The Fourth Edition, Etc. Masculinity and the English Working Class Ying Lee, 2016-05-06 This book examines representations of working class masculine subjectivity in Victorian autobiography and fiction In it Ying focuses on ideas of domesticity and the male body and demonstrates that working class masculinities differ substantially from those of the widely studied upper classes The book also maps the relationship between two trends the early nineteenth century efflorescence of published working class autobiographies in which working men construct their identities for a broad readership and a contemporaneous surge of public interest in the lower orders that finds reflection in the depiction of working class characters in popular novels by middle class authors The book mimics this point of convergence by pairing three working class autobiographies with three middle class novels Each chapter focuses on a particular type of work domestic service manual not artisanal labour and literary labour and the opportunities it offers for social advancement Ying considers the specific ways in which classed and gendered consciousness emerges autobiographically and its significance in the writing of working class subjectivity for public consumption Then mainstream novels by Charles Dickens Elizabeth Gaskell and Charles Kingsley are re read from the perspective of these autobiographical pressure points The English Gentleman's Library Manual William Goodhugh, 1827 Knapp Coll **The gentleman of Venice.
