The English Traveller In Ireland

**Ireland. [Appendix. - Travel &
Topography.]**

The English Traveller In Ireland:

The English Traveller in Ireland John P. Harrington, 1991 **The Tourist's Gaze** Glenn Hooper, 2001 Travel literature has been described by Jonathan Raban as literature's red light district. It defies people's beliefs, confuses expectations, crosses disciplinary boundaries and is linked to ethnography, journalism and biography. Yet for all that, it has managed to remain not only a visible but also an increasingly popular literary genre. This anthology makes an entertaining and insightful contribution to this engaging field. It includes extracts from well-known writers such as Thackeray, Trollope and Chesterton but also presents less familiar figures from the nineteenth and twentieth centuries. The seventy pieces collected here both offer sharp observations of the country and are equally revealing about the travelers themselves. Each extract, where possible, is prefaced by a brief biography of its author. For readers interested in the origins and historical role of travel writing in general and how they relate to Ireland, the editor offers an illuminating introduction. This anthology presents illuminating snapshots of Ireland over two hundred years. It also provides insights into the varied perspectives of the travelers themselves, a perspective often influenced by contemporary political events such as the Great Famine, Home Rule, the Civil War and the Troubles. This anthology leaves the reader with an enduring image of Ireland's ability to fascinate and stimulate visitors through two centuries.

Handbook for travellers in Ireland John Murray (publishers.), 1864 **Irish Traveller Language** Maria Rieder, 2018-10-03 This book explores the Irish Traveller community through an ethnographic and folk linguistic lens. It sheds new light on Irish Traveller language, commonly referred to as Gammon or Cant, an integral part of the community's cultural heritage that has long been viewed as a form of secret code. The author addresses Travellers' metalinguistic and ideological reflections on their language use, providing deep insights into the culture and values of community members and into their perceived social reality in wider society. In doing so, she demonstrates that its interrelationship with other cultural elements means that the language is in a constant flux and by analysing speakers' experiences of language in action, provides a dynamic view of language use. The book takes the reader on a journey through oral history, language naming practices, ideologies of languageness and structure, descriptions of language use and contexts, negotiations of the authentic Cant and Cant as identity. Based on a two-year ethnographic fieldwork project in a Traveller Training Centre in the West of Ireland, this book will appeal to students and scholars of sociolinguistics, language in society, language ideology, folk linguistics, minority communities and languages and cultural and linguistic anthropology.

nation between Ireland and Britain and this book is an examination of the various ways in which Irish Anglican writers have signalled their Irish British hybridity British elements in their work are pointed out but so are manifestations of their proud Irishness and what Elizabeth Bowen called her community's subtle anti Englishness Crucially this book discusses several writers often excluded from the truly Irish canon including among others Laurence Sterne Elizabeth Griffith and C S Lewis

Literature and the Irish Famine 1845-1919 Melissa Fegan, 2002-08-08 The impact of the Irish famine of 1845-1852 was unparalleled in both political and psychological terms The effects of famine related mortality and emigration were devastating in the field of literature no less than in other areas In this incisive new study Melissa Fegan explores the famine's legacy to literature tracing it in the work of contemporary writers and their successors down to 1919 Dr Fegan examines both fiction and non fiction including journalism travel narratives and the Irish novels of Anthony Trollope She argues that an examination of famine literature that simply categorizes it as minor or views it only as a silence or an absence misses the very real contribution that it makes to our understanding of the period This is an important contribution to the study of Irish history and literature sharply illuminating contemporary Irish mentalities **Library of Congress Subject Headings** Library of Congress, 2012
