From the first however protests were raised by Brahmans and others against the title and in justice to myself I must add that Esoteric Buddhism was presented to me as a completed volume and that I was entirely unaware of the manner in which the author intended to spell the word Budh ism The Secret Doctrine Helena Petrovna Blavatsky,1893 Tarot Mysticism Joe Monteleone,2025-01-08 Explore the Mysteries of Tarot Qabalah Numerology and Non Duality in a New Way Joe Monteleone takes you beyond the usual divinatory topics and into the realm of mysticism He presents Aleister Crowley s Thoth Tarot as a tool for mystical insight through which you can experience the deeper mysteries directly Joe reveals a life changing concept your thoughts and the physical world appear to be separate realms but they re not He teaches you how to unify them using the Thoth Tarot and achieve a mystical experience a sort of ecstasis akin to those experienced by monks sages and philosophers of antiquity Tarot Mysticism guides you through the Thoth Tarot providing each card s symbolism and connections to Qabalah numerology and occult philosophy This book also features illustrations practical exercises and historical research to enhance your journey toward enlightenment With Joe s guidance you can traverse different levels of consciousness understand symbolism with higher sophistication and realize the unity between the universe and yourself
