

THE ETHICS OF **PSYCHO- ANALYSIS**

The Theory and Method of Autonomous Psychotherapy
THOMAS S. SZASZ

"Psychology's gadfly does his job with his usual lucidity, logical consistency, and economy." —THE PSYCHOLOGICAL RECORD

"It is certain to be controversial." —THE NEW REPUBLIC

The Ethics Of Psychoanalysis

Jacques Lacan

The Ethics Of Psychoanalysis:

The Ethics of Psychoanalysis 1959-1960 Jacques Lacan, 2013-11-19 In his famous seminar on ethics Jacques Lacan uses this question as his departure point for a re examination of Freud's work and the experience of psychoanalysis in relation to ethics Delving into the psychoanalyst's inevitable involvement with ethical questions Lacan clarifies many of his key concepts During the seminar he discusses the problem of sublimation the paradox of jouissance the essence of tragedy and the tragic dimension of analytical experience One of the most influential French intellectuals of this century Lacan is seen here at the height of his powers Studying Lacan's Seminar VII Carol Owens, 2023-11-24 Studying Lacan's Seminar VII offers a contemporary critically informed set of analyses of Lacan's ethics seminar and astute reflections about what Lacan's ethics offer to the field of psychoanalytic thought today The volume interrogates the seminar with fresh voices and situated curiosities and perspectives making for a compellingly exciting range of explorations of the crucial matters related to an ethics of psychoanalysis The chapters question and tease out the paradoxes Lacan draws attention to in his seminar of 1959-1960 and in addition they offer radical engagements with the seminar in light of theories of racism inequality capitalism education and subjectivity The key elements in Lacan's seminar are explained debated and reconsidered with Antigone das Ding and the inevitable *ne c der pas sur son d sir* duly unpacked examined and ruminated upon Studying Lacan's Seminar VII will be of interest to psychoanalytic scholars and students of Lacanian psychoanalysis as well as psychoanalytic therapists and analysts It will also be of interest to scholars and students of politics philosophy and studies at the intersections of racism film feminism sociology gender and queer theory The Ethics of Psychoanalysis, 1959-1960 Jacques Lacan, 1999

The Ethics of Psychoanalysis, 1959-1960 Jacques Lacan, 1997 Lacan dedicates this seventh year of his famous seminar to the problematic role of ethics in psychoanalysis Delving into the psychoanalyst's inevitable involvement with ethical questions and the attraction of transgression Lacan illuminates Freud's psychoanalytic work and its continued influence Lacan explores the problem of sublimation the paradox of jouissance the essence of tragedy a reading of Sophocles' Antigone and the tragic dimension of analytic experience His exploration leads us to startling insights on the consequence of man's relationship to desire and the conflicting judgments of ethics and analysis **The Ethics of Psychoanalysis** Thomas Szasz, 1988-12-01 In *The Ethics of Psychoanalysis* Thomas Szasz describes psychotherapy as a social action not as healing Conceived in this way psychoanalytic treatment is characterized by its aim to increase the patient's knowledge of themselves and others and hence freedom of choice in the conduct of their life by its method the analysis of communications rules and games and lastly by its social context a contractual rather than a therapeutic relationship between analyst and the one being analyzed *The Ethics of Psychoanalysis* remains one of the most concise precise and lucid expositions of the nature possibilities and limitation of psychoanalytic treatment to be found anywhere **The Ethics of Psychoanalysis** Jacques Lacan, 2015-05-19 A charismatic and controversial figure Lacan is one of the most important thinkers of the twentieth

century and his work has revolutionized linguistics philosophy literature psychology cultural and media studies He gained his reputation as a lecturer disseminating his ideas to audiences that included Jean Paul Sartre and Luce Irigaray amongst other hugely influential names The Ethics of Psychoanalysis is a transcript of his most important lecture series Including influential readings of Sophocles Antigone and Elizabethan courtly love poetry in relation to female sexuality The Ethics of Psychoanalysis remains a powerful and controversial work that is still argued over today by the likes of Judith Butler and Slavoj Zizek

The Ethics of Psychoanalysis: The Seminar of Jacques Lacan Jacques Lacan, *Eros and Ethics* Marc De Kesel, 2009-05-26 In *Eros and Ethics* Marc De Kesel patiently exposes the lines of thought underlying Jacques Lacan's often complex and cryptic reasoning regarding ethics and morality in his seventh seminar The Ethics of Psychoanalysis 1959-1960 In this seminar Lacan arrives at a rather perplexing conclusion that which over the ages has been supposed to be the supreme good is in fact nothing but radical evil therefore the ultimate goal of human desire is not happiness and self realization but destruction and death And yet Lacan hastens to add the morality based on this conclusion is far from being melancholic or tragic Rather it results in an encouraging ethics that for the first time in history gives full moral weight to the erotic De Kesel's close reading uncovers the real scope of Lacan's criticism regarding the moralizing ethics of our time and is one of the rare books that gives the reader full access to the letter of the Lacanian text

The Seminar of Jacques Lacan Jacques Lacan, 1988

The Ethics of Psychoanalysis Jacques Lacan, 1992

The Seminar of Jacques Lacan Jacques Lacan, 1988 Often controversial always inspired French intellectual Jacques Lacan begins the twentieth year of his famous Seminar by weighing theories of the relationship between the desire for love and the attainment of knowledge from such influential and diverse thinkers as Aristotle Marx and Freud From here he leads us through mathematics philosophy religion and naturally psychoanalysis into an entirely new and unexpected way of interpreting the two most fundamental human drives Anticipated by English speaking readers for more than twenty years this annotated translation presents Lacan's most sophisticated work on love desire and jouissance

The Seminar of Jacques Lacan: Ethics of psychoanalysis 1959-1960 Jacques Lacan, 1988

Antigone, in Her Unbearable Splendor Charles Freeland, 2013-06-01 A study of Lacan's engagement with the Western philosophical traditions of ethical and political thought in his seventh seminar and later work

Imagine There's No Woman Joan Copjec, 2004-09-17 A psychoanalytic and philosophical exploration of sublimation as a key term in Jacques Lacan's theories of ethics and feminine sexuality Jacques Lacan claimed that his theory of feminine sexuality including the infamous proposition the Woman does not exist constituted a revision of his earlier work on the ethics of psychoanalysis In *Imagine There's No Woman* Joan Copjec shows how Freud's ragtag nearly incoherent notion of sublimation was refashioned by Lacan to become the key term in his ethics To trace the link between feminine being and Lacan's ethics of sublimation Copjec argues one must take the negative proposition about the woman's existence not as just another nominalist denunciation of thought's illusions about the existence of universals but as recognition of the power of

thought which posits and gives birth to the difference of objects from themselves While the relativist position currently dominant insists on the difference between my views and another s Lacan insists on this difference within the object I see The popular position fuels the disaffection with which we regard a world in a state of decomposition whereas the Lacanian alternative urges our investment in a world that awaits our invention In the book s first part Copjec explores positive acts of invention sublimation Antigone s burial of her brother the silhouettes by the young black artist Kara Walker Cindy Sherman s Untitled Film Stills and Stella Dallas s final gesture toward her daughter in the well known melodrama In the second part the focus shifts to sublimation s adversary the cruelly uncreative superego as Copjec analyzes Kant s concept of radical evil envy s corruption of liberal demands for equality and justice and the difference between sublimation and perversion Maintaining her focus on artistic texts she weaves her arguments through discussions of Pasolini s *Salo* the film noir classic *Laura* and the Zapruder film of the Kennedy assassination

The Ethics of Psychoanalysis M. Guy Thompson, 1999 *Illusion and Desire* Joyce A. Lerner, Association for the Advancement of Psychoanalysis, 1987

Psychoanalysis and Ethics Ernest Wallwork, 1991-01-01 Psychoanalysis has had a profound impact on popular morals for Freud s discoveries have made us aware that unconscious motivations may subvert moral conduct and that moral judgments may be rationalizations of self interest or expressions of hostility Freud has in fact been called a founder of the hermeneutics of suspicion that pervades modern attitudes toward morality In this book however a psychoanalyst who is also a professor of ethics asserts that we do not accurately understand Freud on the various psychological issues relevant to morality and the ethical implications that can be drawn from his views Ernest Wallwork offers a reinterpretation of Freudian theory showing the ways in which it points toward the possibility of genuine moral behaviour

Ethics of the Real Alenka Zupančič, 2000 The idea of Kantian ethics is both simple and revolutionary it proposes a moral law independent of any notion of a pre established Good or any human inclination such as love sympathy or fear In attempting to interpret such a revolutionary proposition in a more humane light and to turn Kant into our contemporary someone who can help us with our own ethical dilemmas many Kantian scholars have glossed over its apparent paradoxes and impossible claims This book is concerned with doing exactly the opposite Kant thank God is not our contemporary he stands against the grain of our times Lacan on the face of it appears the very antithesis of Kant the wild theorist of psychoanalysis compared to the sober Enlightenment thinker His concept of the Real however provides perhaps the most useful backdrop to this new interpretation of Kantian ethics Constantly juxtaposing her readings of the two philosophers Alenka Zupan i summons up an ethics of the Real and clears the ground for a radical restoration of the disruptive element in ethics

From Phenomenology to Thought, Errancy, and Desire Babette Babich, 1995-10-31 For both continental and analytic styles of philosophy the thought of Martin Heidegger must be counted as one of the most important influences in contemporary philosophy In this book essays by internationally noted scholars ranging from David B Allison to Slavoj Zizek honour the interpretive contributions of William J Richardson s pathbreaking

Heidegger Through Phenomenology to Thought The essays move from traditional phenomenology to the idea of essential another thinking the questions of translation and existential expressions of the turn of Heidegger s thought the intersection of politics and language the philosophic significance of Jacques Lacan and several essays on science and technology All show the influence of Richardson s first study A valuable emphasis appears in Richardson s interpretation of Heidegger s conception of die Irre interpreted as Errancy set in its current locus in a discussion of Heidegger s debacle with the political in his involvement with National Socialism The Seminar of Jacques Lacan Jacques Lacan, 1992
