## **The Evolution Of Jesus From Human To God:**

**The Evolution of Jesus from Human to God** Harold R. Hodgson, 2003-10 Before the Holy Bible before the Church before the Holy Trinity there was one extraordinary man This intelligent and challenging exploration of Jesus and his lifetime offers a refreshing slant on the most famous stories of all time Examining the Bible from a historical perspective the author sheds new light and offers new theories as to the man behind the legend and behind the religion of one sixth of the world s population Sometimes unsettling always compelling this book will appeal to anyone who is interested not only in world religions and theology but also in humanity and its history

**The Evolution of Human Wisdom** Celia Deane-Drummond, Agustín Fuentes, 2017-10-18 This volume addresses key questions about the puzzle of human origins by focusing on a topic that is largely unexplored thus far namely the evolution of human wisdom How can we best understand the human capacity for wisdom where did it come from and how did it emerge It explores lines of convergence and divergence between Christian theology and evolutionary anthropology in its search to identify different aspects of wisdom Critical to this discussion are the philosophical difficulties that arise when two very different methodological approaches to the manner of humans becoming wise are brought together The relative importance and significance of human language is another area of intense debate in defining the meaning of wisdom and its expression How far and to what extent does a theologically informed wisdom discourse push evolutionary anthropology to formulate new questions and vice versa This volume shows that there is no simple consonance between evolutionary anthropology and theology Yet each discipline has much to learn from the other the authors are in agreement that even in the midst of an awareness of dissonance and some tension there can still be mutual respect The goal of this book is to begin to develop a trans disciplinary approach to the evolution of human wisdom where each discipline is challenged to ask questions in a new way This volume tackles the relationship between theology and science in a fresh way by focusing on a specific theme wisdom that is equally generative for both theology and evolutionary anthropology

*The God of Evolution* Denis Edwards, 1999 What does accepting the theory of evolution mean for Christian theology Does God create through a process of random mutation and natural selection In *The God of Evolution* Denis Edwards tackles hard questions about the relationship between contemporary science and Christian faith By examining traditional Christian concepts through the prism of evolutionary thought Edwards opens up new ways of thinking about the nature of God and the universe

**The Evolution of Future Consciousness** Thomas Lombardo, 2006-06-23 Are there any unique qualities that humans possess that make us special within the world of nature Since the beginnings of recorded history we have pondered this question What if many of humanitys highest qualities and unique achievements such as technology civilization morals self consciousness freedom of choice religion and science are all built upon a single distinctive human capacity It may be that our highly evolved mental power to envision and think about the future is at the core of our

greatest accomplishments and most unique human attributes In *The Evolution of Future Consciousness* psychologist and futurist Tom Lombardo examines the human ability to be conscious of the future to create ideas images goals and plans about the future to think about these mental creations and use them in directing ones actions and ones life In the opening chapter he looks at the psychology of future consciousness and its values and benefits as well as ways to enhance this human ability Subsequent chapters describe the emergence of future consciousness in pre historic times and how it was critical in the development of love and bonding the family tools and human aggression and hunting the central importance of the future and time in early myths religions and classical philosophy and the rise of modern futurist thinking covering the Renaissance the Scientific Revolution the Western Enlightenment and the Romantic counter reaction The book concludes with Darwin and how the theory of evolution revolutionized humanity's conception of both the past and the future In its companion volume *Contemporary Futurist Thought* Tom Lombardo completes his survey of the historical development of future consciousness discussing significant ideas and approaches to the future in the last century including science fiction future studies and an extensive array of recent theories and paradigms of the future **God** Reza Aslan, 2017-11-07 NEW YORK TIMES

**BESTSELLER** The author of *Zealot* explores humanity's quest to make sense of the divine in this concise and fascinating history of our understanding of God In *Zealot* Reza Aslan replaced the staid well worn portrayal of Jesus of Nazareth with a startling new image of the man in all his contradictions In his new book Aslan takes on a subject even more immense God writ large In layered prose and with thoughtful accessible scholarship Aslan narrates the history of religion as a remarkably cohesive attempt to understand the divine by giving it human traits and emotions According to Aslan this innate desire to humanize God is hardwired in our brains making it a central feature of nearly every religious tradition As Aslan writes Whether we are aware of it or not and regardless of whether we're believers or not what the vast majority of us think about when we think about God is a divine version of ourselves But this projection is not without consequences We bestow upon God not just all that is good in human nature our compassion our thirst for justice but all that is bad in it our greed our bigotry our penchant for violence All these qualities inform our religions cultures and governments More than just a history of our understanding of God this book is an attempt to get to the root of this humanizing impulse in order to develop a more universal spirituality Whether you believe in one God many gods or no god at all *God: A Human History* will challenge the way you think about the divine and its role in our everyday lives Praise for *God* Timely riveting enlightening and necessary HuffPost Tantalizing Driven by Reza Aslan's grace and curiosity *God* helps us pan out from our troubled times while asking us to consider a more expansive view of the divine in contemporary life The Seattle Times A fascinating exploration of the interaction of our humanity and God Pittsburgh Post Gazette Aslan's slim yet ambitious book is the story of how humans have created God with a capital G and it's thoroughly mind blowing Los Angeles Review of Books Aslan is a born storyteller and there is much to enjoy in this intelligent survey San Francisco Chronicle **Exploring the Evolution of the Lord's**

**Supper in the New Testament** John M. Perry, 1994 Tradition has assumed that the Lord's Supper was instituted by Jesus on the night of Holy Thursday as a memorial of his impending death on Good Friday

**History of the Development of the Doctrine of the Person of Christ** Isaak August Dorner, 1863

*God in the World* Thomas O'Meara, 2015-03-15 A century has passed since Karl Rahner's birth and two decades have passed since his death Yet this remarkable theologian has left a legacy of wisdom as relevant today as it was during Rahner's time In *God in the World* A Guide to Karl Rahner's Theology Thomas O'Meara looks anew at Rahner's insights and theological principles Through O'Meara's clear and engaging style readers will discover or rediscover as the case may be how invaluable Rahner is for the church today Rahner's is a theology that considers both people and history as important It is a theology that begins with grace as God's self communication God's gift of life shared with humankind It is a theology that directly speaks to some of the tensions we as the church the people of God struggle with today religious pluralism and salvation through Jesus Christ the roles of priests and lay ecclesial ministers the offices of bishops and popes the movements of secular modernity and religious fundamentalism O'Meara helps the reader find in Rahner a traditional revolutionary whose theology sees the depth extent and vitality of faith hope and love in the hearts of all people Thomas O'Meara OP PhD is the William K Warren Professor of Theology Emeritus at the University of Notre Dame He studied with Karl Rahner at the University of Munich and continues to receive numerous invitations to teach and speak on Rahner Among his recent publications are *A Theologian's Journey* Paulist revised 2002 *Theology of Ministry* Paulist 1999 *Thomas Aquinas Theologian* University of Notre Dame Press 1997

*The Music of Creation, with CD* Arthur Robert Peacocke, Ann Pederson, 2006 Here Peacocke and Pederson compose a rhapsody on divine creativity in three movements Through an extended analogy they reveal how Christian understandings of creation can be brightly lit by scientific insights and approached analogously through examining musical creativity They also include relevant selections on an accompanying CD ROM Composition fugal arrangement rhythm and tempo jazz improvisation all shed light on creation Creation from nothing continual creation incarnate creativity communal or ecclesial creativity open ended future creativity new ways of thinking about the Christian teaching are illumined and exemplified in musical creativity from Bach to Monk Prelude First Movement Creation with Time Second Movement Creation in Time Bridge Passage Creation Fulfilled Third Movement Working at Creation Coda Ongoing Creation

**Schleiermacher on Christian Consciousness of God's Work in History** Abraham Varghese Kunnuthara, 2008-01-01 This work is a fresh unusually lucid approach to Christian theology and interfaith dialogue from India Its basic aim is to examine the Christian consciousness of God's work in history redemption history within the entire history of the world It uses *Christian Faith* by Friedrich Schleiermacher 1768-1834 as its main text so as to view this theme in a reversed order from the way it is presented there This approach which centers on God's new creation in Christ leads to an incisive understanding of Christianity's relation to other modes of faith Throughout Dr Kunnuthara compares the thought of another Indian Christian leader steeped in Hindu thought Pandippedi Chenchiah 1886

1959 to enable renewed interfaith dialogue across a wide spectrum      The Self-giving God and Salvation History Matthew L. Becker,2004-08-20 Analyzes Johannes von Hofmann's entire theological oeuvre      **The Christology of Karl Barth and**

**Matta al-Miskin** Hani Hanna,2019-07-02 In *The Christology of Karl Barth and Matta al Miskin* Hani Hanna argues that two of the most renowned theologians of the twentieth century Karl Barth and Matta al Miskin Matthew the Poor redefine the reality of God and humanity christologically in similar ways Both theologians achieve this redefinition using historical rubrics that are closer to Scripture than the traditional metaphysical categories borrowed from Greek philosophy Rooted in their respective Reformed and Coptic Orthodox traditions their works can be placed in a dialogue that takes into account modern concerns about history revelation and human agency By providing an in depth analysis of both men's christologies Hanna also finds that Barth and Matta's christological view of reality has implications for interfaith and intercultural dialogues today

**The Fascinated God** Robert E. Zinser,2003-10 I loved her inasmuch as day one and when day two came I married her on day three she made me a gallant father to three beautiful kids On day four we sat on our porch and watch our grand children play hide and seek When day five arrived she planted a kiss on my lips before she floated up the sky On day five and a quarter my heart could no longer exist a second without saliva from a soul mate when day five and a half and seven seconds came I accepted her hands for a prom dance in heaven Now every morning we lay under our first date bridge with anticipation we watch legend sun rise with a kiss      The Way to God Through Jesus ABRAHAM VARGHESE,2022-02-22 This book is a concise study of The Bible from beginning till end The approach of the author is not confining to normal Christian theologians or conforming to blind religious attitudes It is a deliberate attempt to revive Christianity to the right track lining all conventional vices that got into it in due course through many denominations A special attempt was taken without hesitation to criticize all relevant in the process of purifying the gold to attain its carat It is a new experience for all studious Christians and scholars with a deep study purpose It is undoubtedly a good book to read in one stretch as it instigates eagerness to know the truth in simple language Jesus wanted to bring all mankind under one roof before His second arrival Henceforth the aim and call of the book are for universally united Christianity Then only the church will become the body of Christ It will move the stagnant Christianity forward with hope in the turbulent world The title is relevant and invites all to read to quench doubts and find the right way to God      **The Reality of God and Historical Method** Samuel V.

Adams,2015-11-09 Samuel Adams engages the classic problem of the relation between faith and history from the perspective of apocalyptic theology in critical dialogue with the work of N T Wright He argues that historical and theological scholars must take into consideration at a methodological level the reality of God that has invaded history in Jesus Christ      History of the development of the doctrine of the person of Christ, tr. by W.L. Alexander and D.W. Simon. Division 1. 2 vols.; Division 2. 3 vols Isaak August Dorner,1863      **The Way of Jesus Christ** Jürgen Moltmann,1995-08-21 The Way of Jesus Christ

discusses the following topics 1 The symbol of the way embodies the aspect of process and brings out christology's alignment

towards its goal This symbol can comprehend Christ's way from his birth in the Spirit and his baptism in the Spirit to his self-surrender on Golgotha It also makes it possible to understand the path of Christ as the way leading from his resurrection to his parousia the way he takes in the Spirit to Israel to the nations and into the breadth and depth of the cosmos <sup>2</sup> The symbol of the way makes us aware that every human christology is historically conditioned and limited Every human christology is a christology of the way not yet a christology of the home country a christology of faith not yet a christology of sight So christology is no more than the beginning of eschatology and eschatology as the Christian faith understands it is always the consummation of christology <sup>3</sup> Finally but not least important every way is an invitation A way is something to be followed The way of Jesus Christ is not merely a christological category It is an ethical category too Anyone who enters upon Christ's way will discover who Jesus really is and anyone who really believes in Jesus and the Christ of God will follow him along the way he himself took Christology and christopraxis find one another in the full and completed knowledge of Christ This christology links dogmatics and ethics in closer detail than in the previous volumes
