The Expansion Of Europe The First Phase The Middle Ages Series:

The Expansion of Europe James Muldoon,1977 **Economic History of Europe to the End of the Middle Ages** Melvin Moses Knight,1926 Between the Middle Ages and Modernity Charles H. Parker,Jerry H. Bentley,2007 This groundbreaking book examines the complex relationships between individuals and communities in the profound transitions of the early modern period Taking a global and comparative approach to historical issues the distinguished contributors show that individual and commun *Savage Anxieties* Robert A. Williams,2024-03-26 This review of Western history s disdain for savage tribes across three millennia is a provocative contribution to multicultural studies Publishers Weekly From one of the world s leading experts on Native American law and indigenous peoples human rights comes an original and striking intellectual history of the tribe and Western civilization that sheds new light on how we understand ourselves and our contemporary society Throughout the centuries conquest war and unspeakable acts of violence and dispossession have been justified by citing civilization s opposition to these differences represented by the tribe Robert Williams award winning author legal scholar and member of the Lumbee Indian Tribe proposes a wide ranging reexamination of the history of the Western world told from the perspective of civilization s war on tribalism as a way of life Williams shows us how what we thought we knew about the rise of Western civilization over the tribe is in dire need of reappraisal A tidy academic survey of the savage from the ancient centaurs to today s indigenous tribal peoples A straightforward scholarly study that concludes with a compelling look at the pervasive harm in stereotypical attitudes and language Kirkus Reviews **Women in Medieval History and Historiography** Susan Mosher Stuard,2016-11-11 What was the status of women in the Middle Ages How have women fared in the hands of historians And what is the current state of research about women in the Middle Ages Susan Mosher Stuard addresses these questions in a collection of essays that delve in to the history and historiography of women in medieval England France Italy and Germany Contributors include Barbara Hanawalt Diane Owen Hughes Suzanne Wemple Denise Kaiser and Martha Howell One of the most interesting observations made in *Women in Medieval History and Historiography* is the way in which the history of women in each country has followed a distinct course that is in rhythm with other concerns of national historical writing *Women in Medieval History and Historiography* will interest historians scholars of women s studies and medievalists **Boccaccio's Last Fiction** Robert Hollander,2016-11-11 No detailed description available for *Boccaccio's Last Fiction* The Voice of the Trobairitz William D. Paden,2016-11-11 During the twelfth and thirteenth centuries southern France witnessed first a burgeoning then a decline in the poetry of women troubadours trobairitz These women stood both within and outside the troubadour tradition so their work is interesting for social and literary historical reasons as well as for its aesthetic merit Many of their twenty eight surviving poems are love songs in which the trobairitz expresses her desire with a freshness that places her in startling contrast with the speechless unresponsive lady depicted in the poetry of male troubadours *The Voice of the Trobairitz* includes eleven original studies by

leading scholars in America and Europe Approaching the troubairitz from varying perspectives the authors ask such questions as which poems are properly attributed to the women Which poetic forms and techniques did they employ Is there a distinctive feminine rhetoric in the poems and do they attempt to mold the role offered them by the troubadours or do they subside into passivity Paden s introduction describes the historical context of the troubairitz and he includes a checklist of the poems a meticulous bibliography and an index The Voice of the Troubairitz will be a valuable resource for all medieval scholars and students and for those interested in women s history *Olivi and Franciscan Poverty* David Burr,2017-01-30 No detailed description available for Olivi and Franciscan Poverty Christianity and Violence in the Middle Ages and Early Modern Period Fernanda Alfieri,Takashi Jinno,2021-03-08 The volume explores the relationship between religion and violence in Europe from the Middle Ages to the Early modern period involving European and Japanese scholars It investigates the ideological foundations of the relationship between violence and religion and their development in a varied corpus of sources political and theological treatises correspondence of missionaries pamphlets and images **Beer in the Middle Ages and the Renaissance** Richard W. Unger,2013-05-22 The beer of today brewed from malted grain and hops manufactured by large and often multinational corporations frequently associated with young adults sports and drunkenness is largely the result of scientific and industrial developments of the nineteenth century Modern beer however has little in common with the drink that carried that name through the Middle Ages and Renaissance Looking at a time when beer was often a nutritional necessity was sometimes used as medicine could be flavored with everything from the bark of fir trees to thyme and fresh eggs and was consumed by men women and children alike Beer in the Middle Ages and the Renaissance presents an extraordinarily detailed history of the business art and governance of brewing During the medieval and early modern periods beer was as much a daily necessity as a source of inebriation and amusement It was the beverage of choice of urban populations that lacked access to secure sources of potable water a commodity of economic as well as social importance a safe drink for daily consumption that was less expensive than wine and a major source of tax revenue for the state In Beer in the Middle Ages and the Renaissance Richard W Unger has written an encompassing study of beer as both a product and an economic force in Europe Drawing from archives in the Low Countries and England to assemble an impressively complete history Unger describes the transformation of the industry from small scale production that was a basic part of housewifery to a highly regulated commercial enterprise dominated by the wealthy and overseen by government authorities Looking at the intersecting technological economic cultural and political changes that influenced the transformation of brewing over centuries he traces how improvements in technology and in the distribution of information combined to standardize quality showing how the process of urbanization created the concentrated markets essential for commercial production Weaving together the stories of prosperous businessmen skilled brewmasters and small producers this impressively researched overview of the social and cultural practices that surrounded the beer industry is rich in

implication for the history of the period as a whole *Commercial Networks and European Cities, 1400-1800* Andrea Caracausi, Christof Jeggle, 2015-10-06 Merchant networks generated trade and the exchange of goods between the cities of early modern Europe This collection of essays analyses these commercial networks focusing on the roles of kinship origin religion and business in creating and maintaining urban economies **Subject Catalog** Library of Congress, *Native Traditions in the Postconquest World* Elizabeth Hill Boone, 1998 Important anthology marking but not celebrating the Columbian Quincentenary directing attention to indigenous cultural responses to the Spanish intrusion in Mexico and Peru utilizing as much as possible native documents and sources and exploring mentalities While we can benefit from the analysis and methodology in all contributions to this volume items certain to interest Mesoamericanists include Hill Boone Introduction for the volume s orientation Laiou The Many Faces of Medieval Colonization for background analysis of colonization as process and its multiple forms Lockhart Three Experiences of Culture Contact Nahua Maya and Quechua for special attention to language change as a reflection of broader cultural evolution in key areas Hill Boone Pictorial Documents and Visual Thinking in Postconquest Mexico for an examination of the endurance of these forms in 16th century Nahua culture Wood The Social vs *Instant encyclopaedia of geography* Shatrughna P. enclosing banks Papers run from Irish cashels to Welsh and Pictish strongholds Saxon burhs Viking fortresses Byzantine castra Carolingian creations Venetian barricades Slavic strongholds and Bulgarian central places and coverage extends fully from northwest Europe to central Europe the northern Mediterranean and the Black Sea Strongly informed by recent fieldwork and excavations but drawing also where available on the documentary record this important collection provides fully up to date reviews and analyses of the archaeology of the distinctive settlement forms that characterized Europe in the Early Middle Ages The Stranger in Medieval Society F. R. P. Akehurst, Stephanie Cain Van D'Elden, 1997 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible to scholars students researchers and general readers Rich with historical and cultural value these works are published unaltered from the original University of Minnesota Press editions The books offered through Minnesota Archive Editions are produced in limited quantities according to customer demand and are available through select distribution partners *The Oxford Handbook of Early Modern European History, 1350-1750* Hamish Scott, 2015-07-23 This Handbook re examines the concept of early modern history in a European and global context The term early modern has been familiar especially in Anglophone scholarship for four decades and is securely established in teaching research and scholarly publishing More recently however the unity implied in the notion has fragmented while the usefulness and even the validity of the term and the historical periodisation which it incorporates have been questioned The Oxford Handbook of Early Modern European History 1350 1750 provides an account of the development of the subject during the past half century but primarily offers an integrated and comprehensive survey of present knowledge together with some suggestions as to how the field is developing It aims both to interrogate the notion of early modernity itself and to survey early modern Europe as an established field of study The overriding aim will be to establish that early modern is not simply a chronological label but possesses a substantive integrity Volume I examines Peoples and Place assessing structural factors such as climate printing and the revolution in information social and economic developments and religion including chapters on Orthodoxy Judaism and Islam

Byzantium and the Other: Relations and Exchanges Angeliki E. Laiou, 2018-02-06 Angeliki Laiou 1941 2008 one of the leading Byzantinists of her generation broke new ground in the study of the social and economic history of the Byzantine Empire *Byzantium and the Other Relations and Exchanges* the second of three volumes to be published posthumously in the Variorum Collected Studies Series brings together fourteen articles published between 1982 and 2012 that reflect her enduring interest in Byzantium's political ideological and commercial relations with its neighbours The first three articles examine Byzantine attitudes and institutional responses to foreigners and strangers within the empire while the next four concern Byzantium's response to the Crusades and more generally to questions of justice in the spheres of conflict and colonisation The final seven articles investigate Byzantium's political and commercial relations with other regional and Mediterranean powers particular emphasis is placed on Venice and Genoa whose increasing involvement in the Byzantine

economy so marked the final centuries of the empire's existence
