The Nature of Salvation Robert W. Prichard, 1997 Robert Prichard examines both high church and evangelical theology in the nineteenth century Episcopal church claiming a commonality between the two that has been neglected in the study of Anglican history Parting company with the interpretation dominant among historians of the Episcopal church for more than sixty years he focuses on shared theological assumptions rather than on liturgical divisions By focusing on these shared theological assumptions he sheds new light on the Episcopal church helping the reader to see the evangelical and high church parties as concerned with theological as well as liturgical topics Prichard's approach avoids overemphasis on division and opens the way for a broader comparison of the Episcopal church's relationship to other Protestant churches

Hunting Nature Thomas P. Hodge, 2020-10-15 In *Hunting Nature* Thomas P. Hodge explores Ivan Turgenev's relationship to nature through his conception description and practice of hunting the most unquenchable passion of his life Informed by an ecocritical perspective Hodge takes an approach that is equal parts interpretive and documentarian grounding his observations thoroughly in Russian cultural and linguistic context and a wide range of Turgenev's fiction poetry correspondence and other writings Included within the book are some of Turgenev's important writings on nature never previously translated into English Turgenev who is traditionally identified as a chronicler of Russia's ideological struggles is presented in *Hunting Nature* as an expert naturalist whose intimate knowledge of flora and fauna deeply informed his view of philosophy politics and the role of literature in society Ultimately Hodge argues that we stand to learn a great deal about Turgenev's thought and complex literary technique when we read him in both cultural and environmental contexts Hodge details how Turgenev remains mindful of the way textual detail is wedded to the organic world the *priroda* that he observed and ached for more keenly than perhaps any other Russian writer
