Kemp,2018-10-01 The purpose of this Dignity of the Calling is to share other stories of faculty entry into higher education

These stories focus on the deeply personal nature of the new academic. Framed around the idea of curriculum being contextual and how life experience guides what we do, this collection of memoirs, recollections, and personal narratives allows the reader to share these lived experiences. Although I was a teacher prior to entering the professoriate, I was not ready for the gargantuan professional and personal transition to higher education. I was not prepared for minutiae of forms, deadlines of inter-office programs, personalities, and most of all, for the human and sometimes illogical relationships among colleagues. I was caught off-guard by the nuanced thinking of students and most of all, I was at times overwhelmed by the time constraints of research, teaching, and service on me and my family. However, I survived and I believe I thrived in my small slice of the academic world.
