*In Defense of Lost Causes* Slavoj Zizek,2009-10-19 The renowned philosophical sharpshooter looks for the kernel of truth in the fascist politics of the past offering an adrenaline fueled manifesto for universal values Is global emancipation a lost cause Are universal values outdated relics of an earlier age In fear of the horrors of totalitarianism should we submit ourselves to a miserable third way of economic liberalism and government as administration In this combative major work philosophical sharpshooter Slavoj Zizek takes on the reigning ideology with a plea that we should re appropriate several lost causes and look for the kernel of truth in the totalitarian politics of the past Examining Heidegger's seduction by fascism and Foucault's flirtation with the Iranian Revolution he suggests that these were the right steps in the wrong direction He argues that while the revolutionary terror of Robespierre Mao and the Bolsheviks ended in historic failure and monstrosity this is not the whole story There is in fact a redemptive moment that gets lost in the outright liberal democratic rejection of revolutionary authoritarianism and the valorization of soft consensual decentralized politics Zizek claims that particularly in

light of the forthcoming ecological crisis we should reinvent revolutionary terror and the dictatorship of the proletariat in the struggle for universal emancipation We need to courageously accept the return to this Cause even if we court the risk of a catastrophic disaster In the words of Samuel Beckett Try again Fail again Fail better *Europa World Year* Taylor & Francis Group,2004 *Mapping the End Times* Jason Dittmer,Tristan Sturm,2010 Over the last quarter century evangelicalism has become an important social and political force in modern America Here new voices in the field are brought together with leading scholars such as William E Connolly Michael Barkun Simon Dalby and Paul Boyer to produce a timely examination of the spatial dimensions of the movement offering useful and compelling insights on the intersection between politics and religion This comprehensive study discusses evangelicalism in its different forms from the moderates to the would be theocrats who in anticipation of the Rapture seek to impose their interpretations of the Bible upon American foreign policy The result is a unique appraisal of the movement and its geopolitical visions and the wider impact of these on America and the world at large *The Complete Idiot's Guide to Getting Published* Sheree Bykofsky,Jennifer Basye Sander,2006 Times have changed for first time authors Publishers have consolidated Editors are fewer Literary agents are more selective The result is that it s tougher than ever to get published That s why new authors need *The Complete Idiot s Guide to Getting Published* Fourth Edition For years new authors have depended on the wise inside advice and tricks from Sheree Bykofsky successful New York literary agent and author and Jennifer Basye Sander best selling non fiction author and literary consultant And now their book is even more packed with the latest information about the business of publishing and the practical advice any writer will need to achieve the all important goal of getting published *Trouble in Paradise* Slavoj Žižek,2014-11-27 In *Trouble in Paradise* Slavoj i ek one of our most famous most combative philosophers explains how by drawing on the ideas of communism we can find a way out of the crisis of capitalism There is obviously trouble in the global capitalist paradise But why do we find it so difficult to imagine a way out of the crisis we re in It is as if the trouble feeds on itself the march of capitalism has become inexorable the only game in town Setting out to diagnose the condition of global capitalism the ideological constraints we are faced with in our daily lives and the bleak future promised by this system Slavoj i ek explores the possibilities and the traps of new emancipatory struggles Drawing insights from phenomena as diverse as Gangnam Style to Marx The Dark Knight to Thatcher *Trouble in Paradise* is an incisive dissection of the world we inhabit and the new order to come The most dangerous philosopher in the West Adam Kirsch New Republic The most formidably brilliant exponent of psychoanalysis indeed of cultural theory in general to have emerged in many decades Terry Eagleton i ek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation New Yorker Slavoj i ek is a Hegelian philosopher Lacanian psychoanalyst and political activist He is international director of the Birkbeck Institute for the Humanities and the author of numerous books on dialectical materialism critique of ideology and art including *Less Than Nothing* *Living in the End Times* *First as Tragedy Then as Farce* and most recently *The Year of Dreaming Dangerously*

**Elvis Died For Somebody's Sins But Not Mine** Mick Farren, 2013-04-17 You cannot believe a word Mick Farren tells you John Lydon A literary life railing against the machine in the company of Johnny Cash Frank Zappa Chuck Berry and more Mick Farren has spent more than 4 decades in the thick of the culture wars as a commentator activist essayist poet performer and rebel with multiple causes A founding figure of the 60s underground press he careered on through the London birth pangs of punk the intoxicated madness of Lower Manhattan under Ronald Reagan earthquakes and urban insurrection in LA Here you ll meet Frank Zappa Johnny Cash Chuck Berry and Gore Vidal and steam open correspondence between the author and Pete Townshend *In Defense of Lost Causes* Slavoj Žižek, 2009-10-19 No Marketing Blurb **Like a Thief in Broad Daylight** Slavoj Zizek, 2019-10-08 The latest book from the most dangerous philosopher in the West New Republic considers the new dangers and radical possibilities set in motion by advances in Big Tech In recent years techno scientific progress has started to utterly transform our world changing it almost beyond recognition In this extraordinary new book renowned philosopher Slavoj Z iz ek turns to look at the brave new world of Big Tech revealing how with each new wave of innovation we find ourselves moving closer and closer to a bizarrely literal realization of Marx s prediction that all that is solid melts into air With the automation of work the virtualization of money the dissipation of class communities and the rise of immaterial intellectual labor the global capitalist edifice is beginning to crumble more quickly than ever before and it is now on the verge of vanishing entirely But what will come next Against a backdrop of constant socio technological upheaval how could any kind of authentic change take place In such a context Z iz ek argues there can be no great social triumph because lasting revolution has already come into the scene like a thief in broad daylight stealing into sight right before our very eyes What we must do now is wake up and see it Urgent as ever *Like a Thief in Broad Daylight* illuminates the new dangers as well as the radical possibilities thrown up by today s technological and scientific advances and their electrifying implications for us all *The Courage of Hopelessness* Slavoj Zizek, 2018-02-06 Maverick philosopher Slavoj Zizek returns to explore today s ideological political and economic battles and asks whether radical change is possible In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be as bad as all that that there is light at the end of the tunnel Yet argues Slavoj Zizek it is only when we have admitted to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism Zizek explores whether there still remains the possibility for genuine change Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as fact of human nature or does today s capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the

train hits Zizek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation The New Yorker     The Europa World Year Book 2008 Joanne Maher, 2008-06-24 First published in 2008 Routledge is an imprint of Taylor Francis an informa company
