The European Union In A Changing World:

The European Union in a Changing World Order Antonina Bakardjieva Engelbrekt, Niklas Bremberg, Anna Michalski, Lars Oxelheim, 2019-08-06 This book explores how the European Union responds to the ongoing challenges to the liberal international order. These challenges arise both within the EU itself and beyond its borders and put into question the values of free trade and liberal democracy. The book's interdisciplinary approach brings together scholars from economics, law, and political science to provide a comprehensive analysis of how shifts in the international order affect the global position of the EU in dimensions such as foreign and security policy, trade, migration, populism, rule of law, and climate change. All chapters include policy recommendations which make the book particularly useful for decision makers and policy advisors, besides researchers and students as well as for anyone interested in the future of the EU.

European Union Foreign Policy in a Changing World Karen E. Smith, 2013-04-16 The second edition of *European Union Foreign Policy in a Changing World* provides a clear introduction to the complexities of contemporary European foreign policy and offers a fresh and distinctive perspective on the nature of the EU's international identity. Thoroughly revised and expanded, the book explores how and why the EU tries to achieve five core foreign policy objectives: the encouragement of regional cooperation, the advancement of human rights, the promotion of democracy and good governance, the prevention of violent conflict, and the promotion of sustainable development. *The European Union in a Changing World* Rajendra Kumar Jain, 2002 Revision of papers presented at a seminar organized by West European Studies Division of the Centre for American and West European Studies, School of International Studies, Jawaharlal Nehru University in association with the Centre for Human Sciences of the French Embassy, New Delhi on 6-7 September 2001.

EU Geopolitical Actorness in a Changing World Liridon Lika, Dealan Riga, 2025-02-24 This book elaborates on the assumption that the European Union's (EU) actorness might be shifting from normative to geopolitical and strategic focus. Over the past few years, the EU has faced growing challenges such as disruptions in its vicinity, diffusion of global power, and renewed geopolitical competition. These external pressures have significantly impacted the EU, prompting it among other measures to announce a Geopolitical Commission. Academic literature has acknowledged the EU's shift from normative power to an increasingly geo-economic and geopolitical approach. However, the notion of geopolitical actorness warrants closer scrutiny of its implications on foreign policy. This edited volume critically examines the EU's evolving strategy in a changing world. It provides a conceptual framework for rethinking the Union's global role and the renewal of foreign policy tools. The book offers a fresh and innovative perspective on whether the EU's ambition to assert new geopolitical leadership is actually backed by the effective implementation of policies and strategies needed to address emerging global challenges.
