California Hit Don Pendleton, 2014-12-16 The Executioner comes to California to make the hills of San Francisco run red with blood. San Francisco is the most photogenic city in America with rolling hills clanging trolleys and all the charm that Northern California has to offer. But it is also the nation's pornography capital and for that it has drawn the attention of Mack Bolan the Executioner whose one man war against the Mafia grows more merciless with every battle. He reopens the fight at a nightclub launching a satchel of high explosives into a meeting of local mobsters. Just before it detonates he notices a delicate young beauty walking into the club. He yanks her away from the blast delaying his own escape and bringing the full firepower of the San Francisco mob down onto himself. She offers him a way out but will it lead to safety or an ambush? Either way the Executioner will be ready. California Hit is the 11th book in the Executioner series but you may enjoy reading the series in any order.

Battle Mask Don Pendleton, 2014-12-16 The Executioner a lone wolf vigilante who would make Jack Reacher think twice takes his war on the mob to a new level. Empireonline.com Once a Vietnam military hero crack sniper Mack Bolan is now a vigilante driven by the death of his Massachusetts family to exact vengeance on the mob. Waging war on the West Coast the Executioner amassed a ten man army as backup. Seven are now dead. Two are in jail. Only Bolan remains. With a bounty on his head and every cop in Los Angeles on his tail Bolan decides to erase his greatest liability his face. Under the knife of a former army surgeon Bolan is transformed. With trademark cunning he infiltrates the Sicilian syndicate that butchered his friends. In cozying up to the boss's daughter Bolan's plan of revenge has never been so intimate. The Executioner may have a new look but he's got the same attitude. Soon his fury is going to explode and strike terror in the very heart of the Mafiosi. In writing his iconic Executioner series Don Pendleton turned his lone wolf vigilante into a bestselling phenomenon and spawned a genre that still influences artists today. The New York Times' Gerry Conway cocreator of the Marvel Comics avenger The Punisher cited the novels as my inspiration the modern equivalent of the pulps. More than two hundred million copies of the Executioner books have been sold and a major motion picture based on this classic action series is now in development. This combination has made it irresistible to the mob which runs the city from top to bottom. In his one man war against organized crime Mack Bolan has never considered targeting San Diego. The city is too sick to save. Mack's old commander from Vietnam is in trouble with the San Diego syndicate and only

the Executioner can save him Once Mack would have given anything for Howlin Harlan Winters but he s not sure he can trust him anymore Taking down the San Diego mob will require a different kind of battle a silent infiltration and a surgical assault To back himself up Bolan recruits the two surviving members of his long disbanded Death Squad If San Diego cannot be saved it will have to be destroyed San Diego Siege is the 14th book in the Executioner series but you may enjoy reading the series in any order
